

SCHEDULE G – PROGRAM GUIDELINES

Canada-Ontario
Community Housing
Initiative (COCHI) &
Ontario Priorities
Housing Initiative (OPHI)
– 2022/23

PROGRAM GUIDELINES

Program Guidelines Summary

Introduction

Ontario's Community Housing Renewal Strategy is a multi-year plan to stabilize and grow Ontario's community housing sector, with the aim of achieving the following outcomes and measures of success:

Strategic Outcomes	Desired Intermediate Outcomes
 <p>Increased supply and appropriate mix of affordable and adequate housing</p>	<ul style="list-style-type: none"> • Increased non-profit, co-op and municipal affordable rental supply • Housing stock is in better state of repair and meets the housing needs of the people of Ontario • Greater involvement of the private sector to support more opportunities for affordable and mixed-income buildings
 <p>People have improved access to affordable housing and supports that meet their needs to achieve housing stability</p>	<ul style="list-style-type: none"> • People are better connected to housing assistance and supports that are responsive to their complex and changing needs • People live in safe and well-maintained housing • People have more choice about their housing and opportunities to participate in the economy and their community • People experiencing homelessness obtain and retain housing
 <p>Improved efficiency of the community housing system to ensure value for money and long-term sustainability</p>	<ul style="list-style-type: none"> • Improved system and inter-ministerial coordination to better identify and respond to people's needs • Improved system management and provider sustainability to better provide a range of housing options • Increased administrative efficiency • Reduced pressure on other service systems including health, social services, emergency, criminal justice

Over time, the Community Housing Renewal Strategy will help Ontarians be more connected to housing assistance and supports that better meet their needs, live in safer and well-maintained buildings, find housing more easily, and have more opportunities to participate in the economy and their community.

The Community Housing Renewal Strategy is complemented by the Housing Supply Action Plan, which is focused on enhancing housing affordability in the broader housing market. Creating more housing, of the types and sizes people need, will help make home ownership and renting more affordable and give people more choice.

Together, Ontario's Community Housing Renewal Strategy and the Housing Supply Action Plan demonstrate the government's commitment to supporting the creation of housing that responds to all Ontarians' needs, across all incomes.

Leveraging the nine-year (2019-20 to 2027-28) federal government investments under the National Housing Strategy is important to achieving the goals and objectives of Ontario's Community Housing Renewal Strategy.

On April 30, 2018, Ontario and the Canada Mortgage and Housing Corporation signed a Bilateral Agreement regarding the National Housing Strategy. This agreement provides

an opportunity to align federal funds with Ontario's Community Housing Renewal Strategy priorities.

The Bilateral Agreement defines community housing:

- Community-based housing that is owned and operated by non-profit housing corporations and housing co-operatives or housing owned directly or indirectly by provincial, territorial or municipal governments or district social services administration boards and includes Social Housing.

For the purposes of these programs, in Ontario, social housing is defined as follows:

- A project listed as a "Transferred Housing Program" in Schedule 1, Regulation 367/11 of the *Housing Services Act, 2011*.

What's New

- These guidelines set out the parameters for the next phase of **an interim one-year Action Plan (for 2022-23)** as the Province continues to negotiate with CMHC on Phase II of the National Housing Strategy, including the province's fair share of funding and streamlining reporting requirements.
- COCHI Communications report is required to be submitted by Service Managers at the time of the final year-end reporting due on April 30, 2023. Service Managers must confirm that communication has been sent to all recipients of COCHI funding regarding how program is administered and funded.
- Canada-Ontario Community Housing Initiative (COCHI) will offer the following program components to Service Managers:
 - Operating Component
 - New Build Component (**NEW for 2022-23**)
 - Repair Component (previously called the Capital Component)

Details of the New Build component are on Page 19

Similar to Phase I, this interim phase includes the following two National Housing Strategy funding streams covered by these Program Guidelines:

- Canada-Ontario Community Housing Initiative (COCHI) - to protect affordability for households in social housing, to support the repair and renewal of existing social housing supply, and to expand the supply of community housing over time.
- Ontario Priorities Housing Initiative (OPHI) - to address local housing priorities, including affordability, repair and new construction.

A third initiative, the Canada-Ontario Housing Benefit, will also continue under this interim phase under its own set of program guidelines

COCHI funding represents a re-investment of federal funding that has been declining under the Canada-Ontario Social Housing Agreement. It provides an opportunity for Service Managers and housing providers to address the challenges associated with projects reaching the end of their operating agreements and/or mortgage maturity. The Province recognizes the significant challenges that Service Managers face in maintaining this important supply of community housing.

OPHI is modelled after similar, previous affordable housing programs, with the most recent being the Investment in Affordable Housing Program Extension (IAH-E). There are a number of additional features in this program, including the addition of a support services component and the eligibility of social housing under Ontario Renovates.

COCHI and OPHI Program Parameters

Although COCHI and OPHI are separate programs under the Bilateral Agreement, they are designed to share as many common elements as possible.

Service Managers are encouraged to view COCHI and OPHI as companion stackable programs as there are common eligibility parameters, e.g., repair under the COCHI Repair Component and OPHI Ontario Renovates Component, rent supplements under the COCHI Operating Component and OPHI Rental Assistance Component, and new rental construction under COCHI New Build Component and OPHI Rental Housing Component.

COCHI and OPHI funding under the Bilateral Agreement cannot replace or displace any level of municipal spending in place on or before March 31, 2018.

Uses of Funding

The Bilateral Agreement sets out the following broad uses of funding for COCHI and OPHI, which will assist in achieving the goals of Ontario’s Community Housing Renewal Strategy:

Capital Expenditures	COCHI	OPHI
New Supply	<p style="text-align: center;">✓</p> <ul style="list-style-type: none"> • Community Housing New Construction • Community Housing Acquisition and/or Rehabilitation • Community Housing Conversion 	<p style="text-align: center;">✓</p> <ul style="list-style-type: none"> • Affordable Rental New Construction • Affordable Rental Acquisition and/or Rehabilitation • Affordable Rental Conversion • Social Housing • Affordable Homeownership
Repair	<p style="text-align: center;">✓</p> <p style="text-align: center;">Social Housing</p>	<p style="text-align: center;">✓</p> <ul style="list-style-type: none"> • Affordable Ownership Housing • Affordable Rental Housing • Social Housing

Homeownership Down Payment Assistance	✗	✓
Operating Expenditures		
Rent Supplements	✓	✓
Housing Allowances	✗	✓
Support Services*	✗	✓
Transitional Operating Funding for Housing Providers	✓	✗

*Please refer to Appendix D for a non-exhaustive list of eligible support services.

Funding Stacking Provisions

There are common eligibility parameters for uses of funding within the COCHI and OPHI Components. As such, funding under COCHI and OPHI can be stacked as follows:

- **COCHI New Build and OPHI Rental Housing:** Funding must be for separate and distinct units under the two program components and combined funding must not exceed 75% of the project cost.
- **COCHI Repair and OPHI Ontario Renovates**

Ontario Targets to be Achieved

The Bilateral Agreement includes nine-year targets agreed to by the Province and the Canada Mortgage and Housing Corporation. Funding under the Bilateral Agreement is to be used to ensure that the same number of units under the Canada-Ontario Social Housing Agreement in place as of April 1, 2019 will continue to be offered as community housing over the period of 2019-20 to 2027-28.

In addition, the Bilateral Agreement requires the preservation of Urban Native Housing (UNH) units to ensure there is no net loss of units with adequate rental affordability and that retained units will be improved through repair and/or capital replacement. The Ministry recognizes that UNH units may well require operating/rent-geared-to income (RGI) subsidies on an on-going basis.

Ontario and the Canada Mortgage and Housing Corporation agreed to the following baseline numbers:

- 131,063 Social Housing units, of which 95,109 are low-income;
- Of the total number of Social Housing units, 1,452 are UNH, with all 1,452 units being targeted as low-income.

Scope of the Guidelines

These Program Guidelines describe the program priorities and requirements for COCHI and the program components and requirements of OPHI for the 2022-23 program year as the Province continues to negotiate and finalize requirements for Phase II of the NHS with CMHC.

Role of the Service Manager / Indigenous Program Administrator

Service Managers / Indigenous Program Administrators are responsible for:

- Entering into an amending Transfer Payment Agreement with the province
- Completing and updating an Investment Plan outlining how their confirmed funding allocations will be used under COCHI and OPHI
- Developing application processes for COCHI and OPHI, if applicable
- Selecting, recommending, and where applicable, approving projects
- Entering into funding agreements with housing providers/proponents/landlords/service providers/recipients
- Advancing payments to proponents, housing providers, service providers or recipients based on agreed upon payment schedules
- Monitoring projects to ensure timely completion and occupancy
- Fulfilling reporting requirements as per the Transfer Payment Agreement
- Adhering to indemnification provisions as per the Transfer Payment Agreement
- Preventing and resolving issues for projects that encounter difficulties
- Participating in communication events pertaining to the National Housing Strategy as per the Communications Protocol Requirements outlined in Schedule F of the Transfer Payment Agreement.

Service Managers retain all responsibility for the delivery of COCHI and OPHI even if third party delivery agencies or providers are engaged.

The Ministry is available to assist Service Managers with the implementation of COCHI and OPHI. For any questions or more information, Service Managers are encouraged to e-mail their respective Regional Municipal Services Office Housing Team Leads (Appendix A).

Transfer Payment Agreement

Service Managers previously entered into a Transfer Payment Agreement with the province to participate in COCHI and OPHI for the 2019-20 to 2021-22 program years. Service Managers will be required to sign an amending agreement with the Province in order to extend the Transfer Payment Agreement for the 2022-2023 program year.

The Transfer Payment Agreement contains an accountability framework between the province and Service Managers and outlines the roles and responsibilities of the Service Manager.

The Transfer Payment Agreement outlines:

- Financial provisions (i.e. administration fees, payment dates and financial accountability)
- Eligibility criteria
- Indemnification and repayment provisions
- Risk management protocols for projects facing difficulties
- Reporting and other accountability provisions
- Other requirements (e.g. French Language Services).

In order to participate in the program, the Transfer Payment Agreement must be signed by the Service Managers by May 31, 2022.

Investment Plan, Reporting and Monitoring Approach

Investment Plan

To balance Service Manager flexibility and the province's need to be accountable to the Canada Mortgage and Housing Corporation for spending under the Bilateral Agreement, Service Managers will be required to develop an Investment Plan.

The Investment Plan will be used as the main budget setting and quarterly reporting tool.

The Investment Plan will outline how the annual COCHI and OPHI funding allocations will be used in 2022-23. Investment Plans must be Council/Board (or delegated authority) approved. The Ministry will review the Investment Plans to ensure consistency with the Bilateral Agreement and Program Guidelines.

The Investment Plan is intended to be a concise document that identifies:

- The COCHI and OPHI components the Service Manager will deliver in 2022-23 and how the selected components address the needs identified in the Service Managers' Housing and Homelessness Plan;
- How, in the COCHI and OPHI capital components, Service Manager decisions will reflect value for money and prudent use of public funds;
- The number of units expected to be created and repaired and households to be assisted under the selected COCHI and OPHI components in 2022-23;
- The amount of funding to be used for the COCHI and OPHI selected components, and the projected and actual commitments on a quarterly basis;
- Any targeted vulnerable sub-populations under the selected program components, according to the groups defined under the National Housing Strategy¹, as applicable; and,
- The amount of funding to be used for administration.

Reporting

The Investment Plan will also serve as the baseline reporting tool to enable the province to monitor program achievements and to report back to Canada Mortgage and Housing Corporation per the Bilateral Agreement. As such, Service Managers will be required to provide quarterly updates to the Investment Plan. All reporting is maintained through TPON system. Timely reporting is important as it may impact ability to flow quarterly advances especially for the operating components.

¹ NHS vulnerable sub-populations: Seniors, Indigenous peoples, persons with disabilities, women and girls, particularly those fleeing situations of domestic violence, veterans, visible minorities, refugees, people suffering from mental illness or substance dependence, individuals and families experiencing homelessness.

The Ministry is committed to achieving streamlined reporting requirements across all transfer payment programs to minimize administrative burden and maximize the focus on achieving outcomes, while providing necessary accountability for the expenditure of government funds. In the case of the COCHI and OPHI programs, the Ministry must meet minimum requirements in order to access federal funding and must work towards progressively meeting the full requirements of Canada Mortgage and Housing Corporation, as outlined in the Bilateral Agreement, for reporting to the federal government. The Ministry is also committed to working with Service Managers and Canada Mortgage and Housing Corporation towards a streamlined and efficient reporting approach.

Service Managers are required to provide the following information in the Investment Plan and/or subsequent quarterly reports for all components under COCHI and OPHI:

- Details on initial budget by component for both COCHI and OPHI;
- For applicable components, an initial projection of how funding will be disbursed by quarter;
- Quarterly updates on actual disbursements to date (this will include a comparison of initial projected disbursements to actual disbursements);
- Confirmation in the year-end report regarding communication sent to all recipients of COCHI funding that the program is administered by the provincial government and is cost shared between the federal and municipal governments.
- Changes to the budget by component;
- Narrative information;
- Performance measures (e.g., targets).

The details identified in the Investment Plan will help to inform quarterly payments made by the Ministry, progress on spending, and targets. This information will then be used to update reports such as the Progress Reports and Quarterly Claims required by Canada Mortgage and Housing Corporation under the Bilateral Agreement.

The province is required to submit an Annual Audited Statement of Disbursements to the Canada Mortgage and Housing Corporation for each fiscal year. The information provided through the year-end Investment Plan due to the Ministry April 30, 2023, will be aggregated at the provincial level, audited and presented to the Canada Mortgage and Housing Corporation as part of the Annual Audited Statement of Disbursements requirement under the Bilateral Agreement.

Please note there are other reporting requirements for components under COCHI and OPHI that are specified under each component in the Program Guidelines.

Service Managers are required to update their Investment Plans and include details on progress (i.e. actual disbursements against projected disbursements) and revised forecasts per the schedule below:

Due Date	Description	Purpose
May 31, 2022	Signed amending agreement due to the ministry.	<ul style="list-style-type: none"> Allows for funding to be disbursed in the 2022-23 fiscal year.
May 31, 2022	Initial Investment Plan to Ministry due. Includes: <ul style="list-style-type: none"> Budget by component for both COCHI and OPHI For applicable components, projected disbursements by quarter for both COCHI and OPHI 	<ul style="list-style-type: none"> Provides a budget breakdown by component for COCHI and OPHI to be inputted into TPON for program spending requirements The forecast spending by quarter allows the Ministry to know how to flow quarterly payments
September 15, 2022 Q2 Report	Updates to the Investment Plan includes: <ul style="list-style-type: none"> Year to Date (YTD) actual disbursements for both COCHI and OPHI Projected disbursements for remainder of the year for both COCHI and OPHI 	<ul style="list-style-type: none"> YTD information allows for program monitoring Projected disbursements by quarter allows for updated payment information
December 15, 2022 Q3 Report	Updates to the Investment Plan. Includes: <ul style="list-style-type: none"> YTD actual disbursements for both COCHI and OPHI Projected disbursements for remainder of the year for COCHI and OPHI Attestation that Service Manager intends to fully take up all funding by fiscal year end. 	<ul style="list-style-type: none"> YTD information allows for program monitoring Projected disbursements for remainder of the year allows for updated payment information
February 15, 2023 Q4 Report	Updates to Investment Plan. Includes: <ul style="list-style-type: none"> YTD actual disbursements for both COCHI and OPHI Projected disbursements for February and March for both COCHI and OPHI 	<ul style="list-style-type: none"> Actual and projected disbursement information is required for program monitoring and to ensure full take-up of available funding

Due Date	Description	Purpose
May 31, 2022 & April 30, 2023 for the previous program year	Final year-end reporting to Investment Plan. Includes: <ul style="list-style-type: none"> • Updated actual disbursements for both COCHI and OPHI • Report confirming continued compliance with the French Language Services (FLS) requirements. • Report confirming communication has been sent to all recipients of COCHI funding regarding how program is administered and funded. • Any other updates if necessary 	<ul style="list-style-type: none"> • Allows the Ministry to complete final reconciliation • The final information will be used to form the Annual Audited Statement of Disbursements requirement of CMHC • FLS reporting is to comply with provincial legislation • COCHI Communications report required to comply with Bilateral Agreement and Action Plan

Monitoring

The quarterly updates to the Investment Plan will also serve as the tool for the Ministry to monitor program progress. Although payments will be made up-front based on the projected disbursements in the Investment Plan, the Ministry will use the information provided in the quarterly updates to the Investment Plan to adjust quarterly payments to reflect Service Manager needs.

Funding Commitments

Funding allocations are provided on a “use it or lose it” basis. For operating components, all funds must be disbursed to the recipient in the program year in which the funding was committed.

Funds not committed by the required timelines may be reallocated to other Service Managers as funding from one year cannot be allocated by the Province to future years. Realignment to other Service Managers will help to maximize federal funding received in one year to reach overall desired program outcomes. Details on what constitutes a commitment are provided in the subsequent COCHI and OPHI sections.

As part of the Bilateral Agreement, the Province is required to provide the Canada Mortgage and Housing Corporation with project level details for both capital and operating expenditures under COCHI and OPHI. If this information is not provided to the

Ministry by the key dates identified, Service Managers risk losing funding as per the “use it or lose it” provision.

Payments

Where applicable and unless otherwise stated in the Program Guidelines, the Ministry will provide quarterly payments based on the information requested through the Investment Plan and quarterly updates.

Upon receipt of an executed Transfer Payment Agreement and Investment Plan, the Ministry will proceed to initiate your first operating payment based on your cash flow requirements as outlined in your Investment Plan up to 50% of the total allocation. If you require additional funding above this amount, please provide a rationale to the ministry outlining the need for additional cash flow in Q1.

Generally, payments to Service Managers will be made on a quarterly basis in the following months:

- May/June (retroactive to April);
- July;
- October; and
- No later than March 1.

These dates may be adjusted.

Administration Costs

Service Managers may use up to five percent of each of their annual COCHI and OPHI funding allocations to assist with the administration costs for delivering the respective initiatives. Service Managers are responsible for determining the amounts required by program year and identifying these amounts in their Investment Plans.

Service Managers are encouraged to reduce their administration costs below 5 percent to provide more funding to program recipients.

Administration costs will be paid to Service Managers quarterly based on the annual Investment Plan.

French Language Services

Service Managers providing a service to the public in connection with COCHI or OPHI and that have an office (including the offices of sub-contractors) located in or serving a designated area must:

- Ensure services are provided in French; and,
- Make it known to the public (through signs, notices, other information on services, and initiation of communications in French) that services provided to and communications with the public in connection with the initiatives are available in French.

The list of designated areas can be found in Appendix B.

Service Managers are required to submit annual French Language Services Reports confirming their continued compliance with the French language services requirements, by April 30 so that it aligns with the final year-end reporting.

Environmental Assessment

Projects approved under COCHI and OPHI are subject to all relevant and applicable federal environmental assessment legislation, regulations and policies. Service Managers are required to check for compliance with the CMHC-provided checklist in Appendix C, and provide confirmation to the Ministry. Environmental compliance does not apply to the Homeownership, Rental Assistance, or Housing Support Services components of OPHI or the operating component of COCHI.

Communications Protocol

Service Managers participating in COCHI and OPHI must agree to adhere to the Canada Mortgage and Housing Corporation-Ontario Bilateral Agreement – Communications Protocol. This is to ensure open, transparent, effective and proactive communications with citizens through ongoing public information activities that recognize the contributions of each party.

Important Dates

Date	Description
May 31, 2022	<ul style="list-style-type: none"> • Transfer Payment Agreement due to ensure timely quarterly payments

May 31, 2022 & April 30, 2023	<p>Final year-end reporting on Investment Plan. Includes:</p> <ul style="list-style-type: none"> • Final actual disbursements for each fiscal year for both COCHI and OPHI • The final information will be used to form the Annual Audited Statement of Disbursements • Any other updates if necessary

Canada-Ontario Community Housing Initiative (COCHI)

Introduction

When the responsibility for social housing was transferred from the federal to the provincial government in the late 1990s, a distinction was made between social housing projects that were built under programs funded solely by the federal government, and programs that received some form of provincial funding.

Social housing projects that were solely federally-funded retained their original operating agreement and mortgage as required by the Canada-Ontario Social Housing Agreement. This is also the case for units funded through federal rent supplement programs. Together, these units account for approximately 25 percent of the social housing supply in Ontario:

- These projects are owned and operated by non-profits, co-ops, and private landlords (for rent supplements).
- This category also includes Urban Native Housing programs.
- They are governed by the rules and requirements outlined in their original operating agreement; specific requirements vary on an agreement-by-agreement basis.
- After the operating agreement ends, neither the Province nor Service Managers have authority over these projects unless Service Managers and housing providers have entered into some form of agreement that addresses ongoing obligations.

Social housing projects that included provincial funding had their operating agreements voided and their rules transferred to provincial legislation, now the *Housing Services Act, 2011*. These projects account for over 70 percent of the social housing supply:

- Some of these projects are owned and operated by non-profits and co-ops. The remainder are government-owned public housing projects, administered and delivered through municipal Local Housing Corporations.
- Although there are funding formula differences between Local Housing Corporations and non-profit and co-operative housing projects, these projects are governed by rules and procedures detailed in the *Housing Services Act, 2011*.
- These rules include how rent-geared-to-income tenants are selected (through the centralized wait list), how rents are calculated, how the operating subsidy that the provider receives from the Service Manager is calculated, and how the Service Manager may intervene in provider operations or governance under certain circumstances.

- As these projects are no longer tied to an operating agreement, there is no specific “end date” to the housing provider’s obligations to provide social housing (or to the Service Manager’s responsibility to fund that provider).

While there are numerous challenges facing social housing in Ontario, a key issue is the risk of “losing” community housing supply and the potential impacts on lower-income tenants related to end of operating agreements and mortgages for social housing providers and to the state of good repair.

The Province recognizes that Service Managers are the primary funders of social housing, with financial assistance provided by the federal government through the Canada-Ontario Social Housing Agreement (and in the case of District Social Service Boards, some provincial funding associated with Territories Without Municipal Organization).

The Province also acknowledges the variations in social housing portfolios (e.g. non-profit, co-operative and Local Housing Corporations), demand and local solutions that Service Managers are using now to manage housing needs in their respective areas.

Consistent with the goals of Ontario’s Community Housing Renewal Strategy, the Canada-Ontario Community Housing Initiative has been designed to provide a flexible approach to help Service Managers address these issues and modernize the community housing system to move towards greater housing provider sustainability and self-sufficiency.

Objective

The objective of COCHI is to protect tenants in projects with expiring operating agreements/mortgages and to begin to stabilize the supply of community housing through regeneration & expansion, repairs, renovations and operating support. COCHI funding is intended to support social housing providers that can demonstrate their potential for long-term sustainability.

Program Components

COCHI offers the following program components to Service Managers:

- Operating Component
- New Build Component (**NEW for 2022-23**)
- Repair Component (previously called the Capital Component)

Funding Allocation

The annual amount of COCHI funding for Service Managers is primarily determined by the amount required to offset the ongoing annual funding decline from the Canada-Ontario Social Housing Agreement. The Social Housing Agreement funding to be received by Service Managers is published in the *Ontario Gazette*. COCHI funding, however, is different from the Social Housing Agreement funding in that it is provided as a distinct Transfer Payment.

Funding allocations will be provided on a “use it or lose it” basis, as funds are provided by the federal government on the same basis. Funds that are not committed by the required timelines may be re-allocated by the Ministry to other Service Managers. Since funding from one year cannot be allocated by the Province to future years, realignment to other Service Managers would ensure utilization of all available federal funding in each year.

Service Managers are allowed to use up to five percent of their funding allocation for administration costs. Administration costs will be paid out equally on a quarterly basis in the year.

Funding Commitments

The following documentation is required to commit funds under COCHI:

- Operating Component – Approved Investment Plan & a Commitment letter from the Ministry

NOTE: Funding for both COCHI operating components – Rental Supplements and Transitional Operating – must be fully disbursed to the recipient in the program year in which the funding was committed. Funding cannot be extended beyond the program year.

- New Build Component – Contribution Agreement and confirmation of security
- Repair Component – Approved project information in TPON, and an executed Funding Agreement

Reallocation

To ensure all funds are committed, Service Managers may move funding from one COCHI component to another within the same program year if the original planned commitment for funding cannot be met, as follows:

- If a Service Manager wishes to realign funding from the Operating component to either the Repair or New Build Components or vice versa, a request for realignment shall be submitted to the Ministry by September 15, 2022. The Ministry will attempt to accommodate such requests but cannot guarantee approval.

All annual funding allocations must be committed to projects within the specified timelines in each program year; otherwise, the outstanding funding allocation may be reallocated to other Service Managers. The Ministry will review Service Managers’ third quarter Investment Plan updates for each program year to determine whether funding targets will be met and whether reallocation is needed. Any funding remaining to be committed after January 30 of each program year may be re-allocated. Any funding that is re-allocated from a Service Manager will be deducted from that Service Manager’s total overall allocation.

General Eligibility

Housing projects are eligible to receive COCHI funding for all 3 components if they qualify as Social Housing, which means that:

- As of April 1, 2019, the project was administered within a “Transferred Housing Program” in Schedule 1, Ontario Regulation 367/11 of the *Housing Services Act, 2011*.
- At the time of the commitment and use of the COCHI funding for the project, the project is still listed as a “Transferred Housing Program” in Schedule 1, Ontario Regulation 367/11 of the *Housing Services Act, 2011*.

Part VII.1 housing projects under the *Housing Services Act, 2011* will also be eligible to receive COCHI funding for all 3 components, subject to the Part VII.1 provisions of the HSA being proclaimed into force.

For the COCHI New Build Component, projects are additionally eligible to receive funding if they qualify as Community Housing, which means:

- community-based housing that is owned and operated by non-profit housing corporations and housing co-operatives or housing owned directly or indirectly by provincial, territorial or municipal governments or district social services administration boards and includes Social Housing.

Note that housing that was, or is, only within either of the following social housing categories does **not** qualify:

- “Program No 2: Rent Supplement Program” (federal requirements are that COCHI funding be used to support community housing, which does not include private landlords);
- “Program No 9: Rural and Native Homeownership Program” (the Province provides funding to Ontario Aboriginal Housing Services for this program).

Uses of Funding

As outlined in the Bilateral Agreement, COCHI funding is to be used solely in social housing and community housing to:

- Protect, regenerate and expand social housing and community housing and to reduce housing need in social housing and community housing; and,
- Preserve Urban Native housing units – no net loss of units; retained units improved through repair/capital replacement; and adequate affordability support.

To support Ontario’s Community Housing Renewal Strategy, Service Managers are encouraged to use COCHI funding for:

1. Protecting rent-gear-to-income tenants in non-profit and co-operative housing projects with expiring operating agreements/mortgages;
2. Preserving social housing supply through repairs and renovations;
3. Regeneration & expansion of social housing stock;
4. Expansion of the number of rent assisted units; and/or
5. Supporting social housing providers that can demonstrate their potential for long-term sustainability through transitional operating funding.

NOTE: As per the Bilateral Agreement, COCHI funding cannot be used to offset municipal social housing subsidy expenditures. COCHI funding must be used **in addition** to existing municipal subsidy social housing expenditures.

Urban Native Housing

For those Service Managers with Urban Native housing units, there is a requirement that this stock will be prioritized to receive COCHI funding where providers are able and willing to continue. Urban Native housing projects typically have higher repair/renovation needs and most were developed with 100% rent-gear-to-income units.

Of the total number of social housing units in Ontario, 1,452 are Urban Native housing, with all 1,452 units being targeted for low-income households receiving rent-gear-to-income assistance.

The COCHI program requires the preservation of Urban Native housing units to ensure that there is no net loss of units and retained units will be improved through repair, capital replacement as well as through adequate affordability support.

Unlike other social housing providers, Urban Native housing providers are not subject to the rules of the *Housing Services Act, 2011* and have their own operating agreements. In order to help guide Service Managers when working with Urban Native housing providers, the Ministry is requiring Service Managers to follow the principles outlined below:

- Urban Native housing is intended to support individuals in housing need that identify as Indigenous;
- There is a fair and transparent approach for selecting tenants;
- Indigenous governance of Urban Native providers is to be supported and maintained; and,
- Funding is to be used to support culturally safe housing stability for tenants and ongoing viability and sustainability of the provider.

The Ministry acknowledges that operating subsidies for many Urban Native housing projects will likely need to be ongoing (rather than transitional) given that most projects have no market housing units to offset operating costs.

Further guidelines on Urban Native housing may be developed in consultation with housing providers and Service Managers.

COCHI Operating Component:

Protection for RGI tenants and support for housing providers that can demonstrate their potential for long-term sustainability could take the form of operating funding.

Rent Supplements

Where operating expenditures are planned, eligible costs could include a rent supplement. A rent supplement is a subsidy paid to the landlord on behalf of a household in need of rental assistance.

Service Managers are encouraged to prioritize households residing in social housing and affected by expiring operating agreements and/or mortgage maturity.

Providing rent supplements is intended to promote housing stability for tenants who would otherwise face affordability challenges.

Transitional Operating Funding

COCHI funding may also be used as a short-term transitional operating subsidy. The expectation is that housing providers would use this funding to address immediate areas of concern with the clear objective of reaching an operational and financial status that does not require an ongoing government subsidy but could transition to a rent subsidy agreement that is not an ongoing subsidy.

For example, transitional operating subsidy funding could help a housing provider to address:

- Asset management planning services, such as building condition audits and technical assessments of significant repairs that must be addressed within identified timelines;
- Business streamlining/operations analysis; and,
- Enabling acquisitions and mergers of housing providers/assets to improve operating efficiencies and economies of scale.

Households paying a rent-geared-to-income rent consistent with the *Housing Services Act, 2011* who are supported through the use of COCHI operating funding will be eligible to meet a Service Manager's Service Level Standard as per the Act.

COCHI New Build Component – NEW!:

The New Build component will:

- Support social & community housing regeneration and expansion which involves building new affordable rental units, including additions on community housing sites;
- Support ongoing social housing provider sustainability; and
- Ensure that safe, adequate and affordable rental housing is available to Ontario households.

Eligible projects must be developed by non-profits, co-operatives, municipalities or DSSABs. Projects proposed by or in partnership with private sector proponents are **not eligible** for COCHI New Build.

Subject to the above eligibility rule, New Build developments must comply with all requirements and follow the same procedures set out for the OPHI Rental Housing component on pages 27-34.

COCHI Repair Component:

Support for social housing providers, including Local Housing Corporations, could take the form of repair and renovation funding.

Service Managers could utilize COCHI funding for strategic capital repairs which preserve and extend the functional lifespan of the social housing supply, such as investments based on capital needs identified in current building condition audits..

Eligible work could include:

- Replacing and/or repairing core building systems, and sub-systems (e.g. heating and/or cooling, leaking roof systems, water issues, structural repairs, etc.); and,
- Carrying out health and safety repairs (e.g., accessibility renovations).

Housing providers/projects that receive funding under the COCHI Repair Component must remain affordable for a ten-year period after the completion of the funded retrofit work, including a minimum of five (5) years during which it will operate as social housing under the *Housing Services Act, 2011*. This requirement applies regardless of any operating agreements or mortgage obligations or agreements between a Service Manager and eligible housing provider.

Project Submission/Approval Process

COCHI Operating Component:

Allocations will be committed at the beginning of each program year through a letter from the Ministry based on the projected disbursements identified in the Investment Plan submitted by the Service Manager through the Transfer Payment Ontario (TPON) System.

Service Managers are required to report-back on a quarterly basis and demonstrate program take-up through updates of their actual disbursements in their Investment Plans. Please see Page 7 for details on reporting requirements and due dates.

Once the Ministry has reviewed the annual Investment Plans and the individual social housing projects receiving COCHI operating component funding are approved by the Service Manager, the Service Manager will enter project details into TPON.

COCHI Repair Component:

Service Manager funding is provided in the form of a forgivable loan to the housing provider based on the estimated cost of reviewed work items. Service Managers must not reduce existing subsidy payments to social housing providers as a result of COCHI funding.

The Service Manager is responsible for selecting and approving all eligible COCHI projects, monitoring progress and completion of projects, quality of work and for the advancement of funds. Service Managers and housing providers are encouraged to liaise early with building departments to avoid code compliance issues, i.e., building permits, etc.

Service Managers are also responsible for creating and entering into project funding agreements with each eligible housing provider that will receive COCHI Repair Component funding. Repairs must commence within 120 days of signing the funding agreement and completed by the end of the subsequent Fiscal Year, i.e. March 31, 2024 for the 2022-23 funding year. Copies of all financial invoices must be kept for reporting and audit purposes.

Once the Ministry has reviewed the annual Investment Plans and the individual projects are approved by the Service Manager, the Service Manager will enter project details as per the Project Information Form into TPON to commit funding.

The Ministry reserves the right to decline any proposed uses of COCHI funding that are not consistent with the Program Guidelines and the Bilateral Agreement; revision and resubmission may be required.

A minimum of 90 percent of the annual Repair component funding allocation must be committed to eligible housing providers by December 31 of each program year. If a

Service Manager has not met this threshold, the Ministry reserves the right to reallocate funds to another Service Manager to ensure full commitment of program funding. Any funding remaining to be committed after January 30, 2023 may be re-allocated to another Service Manager.

The Service Manager must not approve a funding request unless the housing provider has agreed to operate the project as per the affordability requirements included on Page 19.

Service Managers must ensure project status is updated and documents are posted in TPN on an on-going basis.

Funding Payment Process

COCHI Operating Component:

The Ministry will provide quarterly payments based on quarterly projected disbursements identified in the Investment Plan.

Funds are transferred electronically to Service Managers. Service Managers must ensure that the Ministry has their latest banking information to receive these funds.

Service Managers advance monthly payments to housing providers upon the signing of housing provider agreements.

COCHI Repair Component:

Service Managers will receive 20 percent of the annual program funding as their first quarter payment based on the repair budget identified in the Investment Plan.

The Ministry will make the remaining 80 percent through subsequent quarterly payments to Service Managers based on the projected disbursements in the Investment Plan.

The primary purpose of the quarterly forecasts in the Investment Plan is to indicate quarterly cash flow requirements over the life of the program, but no later than the end of the subsequent fiscal year. The quarterly cash flow request must be at or close to the time the funds are needed by the housing provider to pay for their relevant expenditures.

Payments to Service Managers will not be based on development milestones of individual projects; Service Managers must flow funds to the housing providers based on pre-established project milestones for their respective projects.

Reporting

Service Managers will be required to report municipal social housing expenditures that match the annual COCHI allocation provided.

COCHI Operating Component:

COCHI reporting consists of updating and submitting the Investment Plan with Service Manager progress on a quarterly basis. Quarterly reports should be completed and submitted through TPON. Please see Page 7 for dates and reporting requirements.

For quarterly updates, Service Managers are required to track disbursements and recipient numbers separately for each stream. Quarterly Investment Plan updates must include the number of occupied units.

Service Managers are also required to track and report on the following information for the social housing projects receiving COCHI funding:

- Landlord agreements and, if applicable, agreements with third-party delivery agencies
- Where a project specifically targets any of the targeted vulnerable sub-populations listed on Page 6.

This reporting ensures compliance with the provisions of the Canada Housing and Mortgage Corporation-Ontario Bilateral Agreement, the Service Manager Transfer Payment Agreement, and other established program parameters.

COCHI Repair Component:

Service Managers are required to report to the Ministry on the status of each project during its repair, retrofit and regeneration activities. Service Managers must update progress on project activities and payments to housing providers regularly through TPON. Service Managers must submit confirmation of construction start and completion for each project in TPON.

Service Managers are also required to track and report on the following information for the Social Housing projects receiving COCHI funding through the Project Information Form:

- Where a project specifically targets any of the targeted vulnerable sub-populations listed on Page 6.

Please see Page 7 for dates and reporting requirements.

Service Managers must also monitor compliance with the ten-year affordability period for each project that receives COCHI Repair funding. Service Managers are required to file project reports annually to the Ministry for the first three years following project completion. After this period, the Ministry will audit a sample of Service Managers every year. Every Service Manager will be audited at least once over the remaining seven years of the affordability period.

Ontario Priorities Housing Initiative (OPHI)

Program Components

OPHI offers the following program components to Service Managers:

- Rental Housing component
- Homeownership component
- Ontario Renovates component
- Rental Assistance component
- Housing Support Services component

Details on each component are included in these Guidelines.

Service Managers have the flexibility to select the components they will deliver each year using their OPHI approved and planned annual funding allocations. Planned commitments and projected take-up for selected program components must be identified in each Service Manager's Investment Plan – see page 6.

Funding Allocations

Allocations are based on the Service Manager's share of all households in Ontario and their share of Ontario households in core housing need equally weighted.

Funding Commitments

Funding allocations are provided on a “use it or lose it” basis. Funds not committed by the required timelines may be reallocated to other Service Managers as the swapping exercise described above is the only option available to move funds between program years.

The following documentation is required to commit funds under OPHI:

- Rental Housing – Contribution Agreement and confirmation of security
- Homeownership – Approved project information in Transfer Payment Ontario (TPON) System and Agreement of Purchase and Sale, or Funding/Contribution Agreement with non-profit developer and confirmation of security
- Ontario Renovates – Approved project information in Transfer Payment Ontario (TPON) System, confirmation of security (mortgage or promissory note), either an executed Letter of Agreement or Funding Agreement
- Rental Assistance – Commitment letter from the Ministry
- Housing Support Services – Services Agreement with a Support Services Agency or equivalent, payments for services if applicable

NOTE: Funding allocations are provided on a “use it or lose it” basis, since funding from one year cannot be allocated by the Province to future years. Therefore, unlike the previous Investment in Affordable Housing program, funding for both OPHI operating components – Rental Assistance and Housing Support Services – must be disbursed in the program year in which the funding was committed. Funding cannot be extended beyond the program year.

Rental Housing component funding allocations must be committed by December 31, 2022.

For the Homeownership and Ontario Renovates components, no more than 10% of each component's funding allocation may be planned for take-up in the fourth quarter of the respective program years. A minimum of 90% of the annual funding allocations for each component must be committed by December 31, 2022. Notwithstanding the above, any funding that remains to be committed by January 30, 2023 may be reallocated to other Service Managers.

Operating Components

Allocations for the Rental Assistance component will be committed at the beginning of each program year through a letter from the Ministry based on the projected disbursements identified in the Service Manager's Council-approved Investment Plan. Housing Support Service funding will be committed based on the submission of Services Agreements (or equivalent if delivered directly by the Service Manager)

Service Managers who directly deliver the Rental Assistance component and/or the Housing Support Services component are required to report on program take-up through their quarterly Investment Plan updates. The Ministry will provide quarterly payments to Service Managers based on projected disbursements. Service Managers will be required to provide copies of rent supplement Landlord Agreements and Services Agreements under the Housing Support Services component to demonstrate program take-up.

Reallocation

To ensure all funds are committed, Service Manager's may move funding from one OPHI component to another within the same program year if the original planned commitment for funding cannot be met, as follows:

- Funding originally planned for the capital components (Rental Housing, Homeownership and the Ontario Renovates) can be reallocated within these components
- Funding originally planned for the Rental Assistance component's Rent Supplement stream and Housing Allowance Direct Delivery stream, or the Housing Support Services component can be reallocated within these streams/components (for more information on delivery streams please refer to Page 47)
- No funding can be moved to the Housing Allowance Shared Delivery stream from the other OPHI components, or vice versa
- If a Service Manager wishes to realign funding from the capital components to either the Rental Assistance Component's Direct Delivery Streams or the Housing Support Services component, or vice versa, a request for realignment shall be submitted to the Ministry by September 15 of the applicable year for which the realignment is requested. The Ministry will attempt to accommodate such requests but cannot guarantee approval.

Under the capital components, all annual funding allocations must be committed to projects within the specified timelines in each program year; otherwise, the outstanding funding allocation may be reallocated to other Service Managers. The Ministry will review Service Managers' third quarter Investment Plan updates for each program year to determine whether funding targets will be met and whether reallocation is needed. Any funding remaining to be committed after January 30, 2023 year may be reallocated. Any funding that is reallocated from a Service Manager will be deducted from that Service Manager's total overall allocation.

Rental Housing Component

The Rental Housing component will:

- Increase the supply of community rental housing for households on, or eligible to be on, social housing waiting lists.
- Ensure that safe, adequate and affordable rental housing is available to Ontario households.

Eligibility Criteria - Projects

Eligible projects must be non-profit/municipal/co-operative developments or partnerships, and be one of the following:

- New construction, including additions and extensions
- Acquisition and, where required, rehabilitation of existing residential buildings to maintain or increase the affordable rental housing stock
- Conversion of non-residential buildings or units to purpose-built rental buildings/units

Social housing redevelopment which involves building new affordable rental units/additions on social housing sites is eligible provided that the appropriate ministerial or Service Manager consent, as applicable, is obtained as per the *Housing Services Act, 2011*.

Amendments to the *Housing Services Act, 2011*, effective January 1, 2017, have resulted in changes to consent authorities. Specifically, Service Managers now have consent authority for the transfer of most social housing properties. Please refer to the Guide for Service Manager Consents under the Housing Services Act, 2011 which can be found at: <https://www.ontario.ca/page/consent-authority-service-managers>

Projects that are **not eligible** include:

- Projects proposed by private sector proponents without non-profit/municipal/co-operative partnership*
- Secondary suites in owner-occupied housing (eligible under the Ontario Renovates component)
- Nursing and retirement homes
- Shelters and crisis care facilities
- Owner-occupied housing
- Student residences

*Canada Mortgage and Housing Corporation has made available other programs – for example, the National Housing Co-Investment Fund – to support the development of affordable units by private developers. The Ministry is interested in focusing OPHI funding on the development of community housing that will provide longer-term public benefit.

Eligibility Criteria – Units

Units must be modest in size and amenities relative to other housing in the community. Units are expected to be self-contained. Proponents who wish to develop congregate living buildings (rooms with shared living spaces) for supportive housing may be eligible for program funding and should provide a rationale in order to receive funding.

Service Managers may establish size and amenity requirements. If Service Managers do not set size requirements, the following provincial minimum and average size requirements must be used as a guideline for new construction projects.

	Bachelor	1 Bedroom	2 Bedroom	3 Bedroom	4 Bedroom
Minimum	40.0 m ²	48.7 m ²	60.4 m ²	83.6 m ²	102.2 m ²
Average	41.8 m ²	55.0 m ²	67.4 m ²	92.9 m ²	109.2 m ²

Up to 30% of the total available space may be used for non-residential purposes, including common areas and services used directly with the residential accommodation such as office space for support services providers.

Project Submission Process

Service Managers will solicit proposals and select Rental Housing projects to recommend to the Ministry for funding approval. All procurement processes must be in accordance with the *Municipal Act, 2001* or the *City of Toronto Act, 2006* (applicable to the City of Toronto).

Service Managers will submit recommended projects for the Ministry's consideration within the allocation set out in their Investment Plans.

Recommended projects shall:

- Be approved by council and/or board based on municipal/board procurement practices and in accordance with the *Municipal Act, 2001* or the *City of Toronto Act, 2006* (applicable to the City of Toronto).
- Be able to sign a Contribution Agreement no later than December 31 of each program year.
- Be able to start construction within 120 days after signing a Contribution Agreement and be completed within four years.
- Be financially viable from a construction and operating cost perspective – based on Service Manager confirmation.
- Meet the current Ontario Building Code and *Canadian Environment Assessment Act, 2012* requirements.
- Have rents that on average for the project are at or below 80% of the Canada Mortgage and Housing Corporation Average Market Rent for the community or as approved by the Ministry for a minimum of 20 years (see “Affordability Criteria and Rents” on page 32 for additional details).
- Provide the required equity, if applicable – 4% for partnerships between private sector and non-profit organizations; 0% for non-profit organizations.
- Address local housing needs and target tenant groups identified in local housing and homelessness plans.

- Are projected to maximize achievable reductions in energy consumption and greenhouse gas emissions relative to minimum requirements (i.e. meet or exceed the current National Energy Code and Ontario Building Code requirements for new construction; for renovations/repairs, maximize the achievable energy savings where possible when planning work or retrofits).
- Have an occupancy plan in place to ensure that units will be occupied in a timely manner.

Further, Service Managers are encouraged to give priority consideration to projects that:

- Have Contributions by Others, including the Service Manager, local municipality, and proponent – to be used in partnership with OPHI Rental Housing funding.
- Include family-sized (multi-bedroom) units.
- Are fully accessible and/or have units that are accessible to persons with disabilities.
- Provide community employment benefits including:
 - Work contracts for small and medium-sized businesses
 - Job creation for apprentices, Indigenous Peoples, women in construction, veterans and newcomers to Canada
- Have support service funding in place, if applicable.

Recommended projects for commitment should be submitted to the Ministry up to November 30, 2022. All projects must be submitted through TPON along with additional project background information such as that contained in Council/board reports.

Project Approval Process

Project approval will be based on construction readiness, ability to meet the program's eligibility criteria, and alignment with the Investment Plan.

Service Managers are required to create and submit Project Information Forms through TPON. Once approved, a project will receive a Conditional Letter of Commitment from the Ministry, which confirms Ministry approval and outlines the steps to take prior to signing a Contribution Agreement.

The Contribution Agreement shall describe legal obligations and reporting requirements for the project. All Service Managers are required to enter into Contribution Agreements directly with proponents.

As funding allocations must be committed for the program, the deadline to execute Contribution Agreements and confirmation of security is December 31, 2022 to allow time for reallocation of funds if necessary. Service Managers that have not signed a Contribution Agreement or have not begun construction by the required dates may have their funding reallocated.

Funding

Service Manager funding for the Rental Housing component is provided as a forgivable capital loan.

The OPHI Rental Housing component will fund up to 75% of the pro-rated share of the capital costs of the affordable units. Total capital costs include land, financing, hard (construction) and soft costs but less any HST rebates.

To encourage the development of family-sized units, and in recognition of the variance in costs across the province, per unit funding caps have been eliminated under the OPHI Rental Housing component. Service Managers are encouraged to consider factors such as unit bedroom size, unit type (e.g., low-rise apartment, high-rise apartment, townhouse), or geographic location of the project within the Service Manager's service area when determining project funding amounts. The Ministry, however, will only approve projects that are determined to provide value for public money and are modest relative to other housing in the community.

Service Managers are required to perform their due diligence to ensure that a project is financially viable from a construction cost and on-going operating context, costs per unit are accurate and the program expenditures represent a prudent and best value use of public dollars.

The Ministry, at its discretion, may require an independent analysis to confirm project financial viability.

Contributions by Others

In addition to the mandatory program requirements Service Managers, municipalities and proponents are encouraged to provide additional contributions in order to increase the financial viability of the project and/or to provide deeper affordability for tenants.

Contributions by Service Managers and/or municipalities may include: waiving or reducing development charges, planning approvals application fees, building permit fees, and full property tax exemptions as well as contributions of municipal grants, and municipally-owned land.

Where appropriate, and to avoid the granting of bonuses, a Service Manager will need to ensure that an appropriate policy or program (e.g., Community Improvement Plan (per Section 28 of the *Planning Act, 1990*), Municipal Housing Facilities By-law (per Section 110 of the *Municipal Act, 2001* – see page 32)) is in place to enable municipal contributions. For additional information on this and other municipal tools and incentives for affordable housing development, please contact the appropriate service manager, municipality, and/or respective Regional Municipal Offices Team Leads for more information.

Contributions by proponents may include land or cash, including that from fundraising and donations.

Payment Process

The Ministry will advance funding directly to Service Managers, who will be responsible for making project payments to housing proponents. Service Managers will advance funds to proponents based on the completion of construction milestones and compliance with the program requirements.

Funding will be advanced to Service Managers based on the following instalments:

1. 50% at signing of the Contribution Agreement and confirmation of registration of security.
2. 40% at confirmation of structural framing.
3. 10% at confirmation of occupancy, submission of Initial Occupancy Report and submission of an updated capital cost statement in a form acceptable to the Ministry.

The Ministry may consider accelerated payments for projects sponsored by non-profit proponents or acquisition/rehabilitation projects on a case-by-case basis.

All final payments are required to be made within four years of signing the Contribution Agreement. Service Managers are required to ensure that all projects are completed and request the final payment prior to this deadline.

Eligible Target Groups

The Rental Housing component aims to create affordable rental housing for households that are on, or eligible to be on, social housing waitlists. This includes, but is not limited to:

- Seniors
- Persons with disabilities
- Indigenous peoples
- People with mental health or addictions issues
- Survivors of domestic violence
- Those who are homeless or at risk of homelessness
- Recent immigrants
- Working poor
- Veterans
- Racialized groups

Income Verification

Service Managers are required to establish maximum income levels for OPHI-funded Rental Housing units at the time of initial tenancy; however, all households must be on, or eligible to be on, the waiting list for social housing. Service Managers must establish an approach for income verification to ensure that households in need are targeted. Annual income verification is at the Service Manager's discretion.

Affordability Criteria and Rents

Projects approved under the Rental Housing component must remain affordable for a minimum period of 20 years. Affordability is defined as having rents for the project that are at or below 80% of Canada Mortgage and Housing Corporation Average Market Rent at the time of occupancy. Average rent is calculated using actual rents paid by tenants and any rent supplements provided by the Service Manager.

While individual unit rents may be set above or below the 80% threshold, in no instance shall an OPHI-funded Rental Housing unit have a rent that is greater than the Canada Mortgage and Housing Corporation Average Market Rent for the area.

If Canada Mortgage and Housing Corporation Average Market Rents are not available for certain communities, or in instances where in the opinion of the Service Manager the Canada Mortgage and Housing Corporation Average Market Rents do not reflect the actual average market rents in the local market area, a Service Manager may request an alternate average market rent by submitting a business case for a project including a local market rent survey for the Ministry's consideration.

Projects may include both OPHI Rental Housing and market units, but only units with rents that meet affordability requirements will receive OPHI funding.

If rent supplements are used for OPHI-funded units to provide deeper affordability for tenants, the Service Manager shall ensure total rent received by a Proponent, including rent from the tenant and any rental supplements from the Service Manager or other party shall not exceed 100% of Canada Mortgage and Housing Corporation Average Market Rent. In addition, the total of the rent paid by the tenant and any federal and/or provincially funded rent supplements paid to the proponent must be used to calculate the weighted average rent in a project.

Rent increases after initial occupancy must be made in accordance with rules established in the *Residential Tenancies Act, 2006*. New rental buildings (no part of which was occupied for residential purposes on or before November 15, 2018) are technically exempt from the *Residential Tenancies Act, 2006* rent increase guidelines but are subject to terms and conditions in the Transfer Payment Agreement. The Transfer Payment Agreement states that rent increases follow the *Residential Tenancies Act, 2006* rent increase guidelines but must still remain at or below 100% of Canada Mortgage and Housing Corporation Average Market Rent and that average rents for the project must not exceed 80% of Canada Mortgage and Housing Corporation Average Market Rent.

General Requirements

The following general program requirements apply to projects approved under the Rental Housing component:

Municipal Housing Facility By-law

- Where appropriate a Service Manager will ensure that a Municipal Housing Facility By-law is available to enable municipal contributions in accordance with

the *Municipal Act, 2001* or the *City of Toronto Act, 2006* (applicable to the City of Toronto).

- Where a District Social Services Administration Board (DSSAB) is the Service Manager, collaboration with the appropriate local municipality will be required to ensure a Municipal Housing Facility By-law is available to proponents when deemed necessary.

Note: A Municipal Housing Facilities By-law and Agreements are a tool available under *Section 110 of the Municipal Act, 2001* and *O. Reg 603/06* (among many other tools under the *Municipal Act, 2001* and *Planning Act, 1990*) that may help facilitate municipal contributions and incentives for housing development. It may not always be appropriate and/or required for all housing developments. For more information contact the appropriate Service Manager, municipality, and/or respective Regional Municipal Offices Team Leads.

Municipal Capital Facilities Agreement

Municipal Capital Facilities Agreements per O. Reg 603/06 may be used by municipalities to create relationships with other parties to deliver municipal facilities. An example of this may involve an agreement between a municipality and a not-for-profit organization in which the municipality provides financial assistance for affordable housing facilities.

Under these agreements, assistance provided by a municipality may include: giving or lending money; giving, leasing or lending property; guaranteeing borrowing; providing the services of employees of the municipality; and/or providing tax exemptions or reductions.

Construction

- Projects must start construction within 120 days of signing a Contribution Agreement.
- Projects that do not start construction within 120 days of signing a Contribution Agreement may, at the Ministry's discretion, have program funding withdrawn and reallocated to another Service Manager.
- Written confirmation of construction start must be provided to the Ministry.
- Site inspections will be conducted at the discretion of the Ministry.
- Projects must complete construction within four years of signing a Contribution Agreement.

Equity

- Minimum four percent equity must be provided for projects sponsored by partnerships between private companies and non-profit organizations.
- No equity contribution is required for projects sponsored by non-profit or co-operative housing organizations to encourage participation by these groups in the program.
- Please note that private lenders may have additional equity requirements.

Municipal Property Tax

- Service Managers/Municipalities are required during the first 20-year affordability period of projects more than seven units to either:
 - Reduce property taxes for Rental Housing projects by setting it at a rate equivalent to, or lower than, the single residential rate for the area; or
 - Provide a grant in lieu of this property tax reduction.

Indemnification and Repayment

There are obligations for all OPHI parties with regard to the indemnification and recovery of government funding. Specific obligations and provisions are included in the Transfer Payment Agreement.

Reporting

In addition to individual project submission through the TPON, Service Managers are required to update their Investment Plans with their funding commitment projections under the Rental Housing component on a quarterly basis. Please refer to Page 7 for reporting requirements and due dates. Proponents will be required to report accordingly to their Service Manager.

Quarterly updates to the Investment Plan will be supplemented by regular milestone updates through TPON along with progress reports to the Ministry contacts describing project progress and potential issues of concern that might delay or jeopardize the project.

Service Managers will be required to submit signed project checklists and documentation in TPON as follows:

- Within 120 days after signed Contribution Agreement: first available Building Permit, Confirmation of Construction Start.
- At completion of structural framing: confirmation of structural framing.
- An audited capital cost statement within six months following the initial occupancy date, or such additional time acceptable to the Ministry.

Service Managers are also required to complete and file with the Ministry an Initial Occupancy Report once projects are completed and occupied, and Annual Occupancy Reports for the first three years after project completion. After the first three years, filing of the Annual Occupancy Report is not required although the Service Manager is still required to complete the Annual Occupancy Report and may be requested to submit the report periodically.

This reporting ensures compliance with the provisions of the CMHC-Ontario Bilateral Agreement under the National Housing Strategy and other established program requirements. All reports and updates are to be submitted through TPON, where possible.

Homeownership Component

The Homeownership component aims to assist low to moderate income renter households to purchase affordable homes by providing down payment assistance in the form of a forgivable loan.

Specific objectives are:

- To provide renter households with an opportunity to move into homeownership.
- To ease the demand for rental housing by assisting renter households to purchase affordable homes.
- To encourage non-profit affordable homeownership developers to build affordable ownership units.

NEW FOR OPHI

Homeownership component funding may be provided to non-profit affordable home ownership providers during the construction phase of affordable ownership units to help providers secure and reduce the cost of construction financing. Funding is limited to \$50,000 per unit and must be secured on title to the lands. Similar to the Rental Housing component, Service Managers would enter into contribution/funding agreements with the proponent to commit the funding.

The associated per unit funding would then be provided to home buyers as down payment assistance at the time of closing of the purchase of the unit. The requirements of the Homeownership component (e.g., eligibility criteria, loan and repayment provisions) outlined below will apply to the down payment assistance.

Eligibility Criteria

To be eligible for down payment assistance, prospective purchasers must:

- Be a renter household buying a sole and principal residence in a participating Service Manager area.
- Have household income at or below the 60th percentile income level for the Service Manager area or the province, whichever is lower (see Appendix D).
- Meet any additional criteria as established and communicated by the Service Manager.

Household income verification is the responsibility of the Service Manager.

Purchasers must be selected and approved through a fair and open process developed by the Service Manager based on local criteria and defined needs specified in the Service Manager's Investment Plan.

Purchase Price

The purchase price of a home must not exceed the average resale price in the Service Manager's area. Service Managers may establish their own maximum house prices,

provided they are lower than the average resale price in the Service Manager area. Maximum house prices will be updated on an annual basis and provided by the Ministry.

Eligible Unit Types

Resale or new homes (including conversions from non-residential use that include a new home warranty) are eligible unit types under the Homeownership component.

Homes may be detached, semi-detached, town (condo and freehold), stacked homes, row houses, apartments or other similar built forms approved by the Ministry. Service Managers may also choose to include duplexes as eligible units.

Homes must be modest in size, relative to community norms, in terms of floor area and amenities, as determined by the Province and/or the Service Manager.

Home inspections are required for all resale homes and are strongly recommended for new homes.

Eligible Target Groups

Service Managers are encouraged to address groups identified through their local Housing and Homelessness Plan and give consideration to households residing in social housing but whose incomes have increased and are paying market rent.

Education and Training

Service Managers must ensure education and training on the home buying experience – including financial guidance around the up-front and on-going costs of homeownership – and on the obligations and benefits of being a homeowner are offered to purchasers approved under the Homeownership component.

The Canada Mortgage and Housing Corporation website has a number of tools, worksheets, calculators and guides to assist and inform interested home buyers. This information can be found at <https://www.cmhc-schl.gc.ca/en/buying>.

Service Manager Revolving Loan Fund (RLF)

Creation and maintenance of a dedicated account / revolving fund is a prerequisite of program participation. Service Managers with an already-established Revolving Loan Fund of 20 years are eligible to receive OPHI Homeownership component funding.

Service Managers that do not have a Revolving Loan Fund established will need to ensure that one is created and maintained for at least a 20-year period with the option of phasing out after 15 years.

Funding

Funding is provided as a down payment assistance loan for eligible purchasers. Assistance is forgiven after a minimum of 20 years – the affordability period for the Homeownership component. Service Managers may choose to require a forgiveness period of more than 20 years.

The amount of down payment assistance for each eligible purchaser will be determined by the Service Manager, to a maximum of \$50,000 per eligible unit.

Total funding advanced by each Service Manager must not exceed 10% of the sum of purchase prices for all units acquired by eligible purchasers – other than units acquired from non-profit homeownership providers as they are exempt from this calculation.

If a Service Manager elects to provide less than five percent down payment assistance, the primary lending institution and/or insurance provider may require additional equity to be contributed by the purchaser.

Partnerships

Service Managers may wish to partner with non-profit affordable homeownership providers (such as Habitat for Humanity) in the delivery of the Homeownership component.

Funding Commitment

A minimum of 90% of the annual Homeownership component funding allocation must be committed to eligible purchasers of eligible units by December 31, 2022. If a Service Manager has not met this threshold, the Ministry may reallocate funds to another Service Manager to ensure full commitment of program funding. Any funding remaining to be committed after January 30, 2023 may be reallocated to another Service Manager.

Payment Process

Service Managers are to provide down payment assistance to eligible purchasers at the time of closing on the purchase of the home; when a mortgage can be registered on title. Please note that OPHI Homeownership component funding may not be used for deposits toward eligible units.

Once an eligible purchaser has been approved by the Service Manager, the required project information – along with a copy of the Agreement of Purchase and Sale – must be submitted to the Ministry through TPON.

Payments to Service Managers will be made within 15 business days of project approval, or within seven days of the closing date of the sale of the unit, whichever is later. All payments must be made to approved home purchasers within four years of the date of commitment.

NEW FOR OPHI – NON-PROFIT AFFORDABLE HOMEOWNERSHIP DEVELOPERS

Funding will be advanced to Service Managers in three instalments:

1. 50% at signing of the Contribution Agreement and confirmation of registration of security.
2. 40% at confirmation of structural framing.
3. 10% at confirmation of construction completion.

Conditions for Repayment by Homeowner

Repayment of the original down payment contribution must be made if the following situations occur while the OPHI Homeownership loan is outstanding:

- The unit is sold or leased.
- The unit is no longer the sole and principal residence of the loan recipient.
- The loan recipient becomes bankrupt or insolvent.
- The loan recipient misrepresented their eligibility for the program.
- The loan recipient used the proceeds of the loan for a purpose other than the acquisition of the unit.
- The death of the loan recipient.

Traditional interest will not be charged on the assistance. The original loan amount and the percentage share of the realized capital gains proportionate to the down payment assistance must be repaid in the above cases. For example, if the purchaser was assisted with five percent of the purchase price, the loan amount plus five percent of any capital gains/appreciation would have to be repaid.

If a unit is sold for less than the original purchase price, the difference between the down payment assistance and the depreciated amount will be repayable.

- Amount payable = Loan – (original purchase price – resale price)

For example, if the down payment assistance was \$10,000 for a home originally purchased at \$100,000 and then sold for \$92,000:

- Amount payable = \$10,000 - (\$100,000 - \$92,000) = \$2,000
- If the same home is sold for \$85,000, the principal shall be forgiven.

The Service Manager must be satisfied that the sale was at fair market value.

If a purchaser chooses to repay the down payment assistance without selling the home within the affordability period, the purchaser is still required to repay the proportionate percentage of any notional capital gain* as of the date of repayment.

Only the principal amount would have to be repaid in the event of the death of a homeowner prior to the expiry of the affordability period.

Repayments are to be made into the Revolving Loan Fund and redistributed under the Homeownership component in the Service Manager's area.

**Notional capital gains will be calculated based on the current fair market value of the home at the time of repayment of the loan. Fair market value shall be based on an independent appraisal acceptable to the Service Manager.*

Canada Mortgage and Housing Corporation

In support of the Homeownership component, the Canada Mortgage and Housing Corporation will recognize down payment assistance as owner's equity in its underwriting evaluation.

Reporting

Service Managers are required to update their Investment Plan with their approved progress under the Homeownership component on a quarterly basis. Please see Page 7 for reporting requirements and due dates.

In addition, as part of the project submission process, the Service Manager must provide the following information on a per project basis:

- Number of households assisted through the program
- Number of occupants
- Price of unit
- Actual occupancy and closing dates
- Amount of OPHI subsidy

Service Managers are also required to report annually on loan repayments to, and loans funded from, the Revolving Loan Fund.

This reporting ensures compliance with the provisions of the CMHC-Ontario Bilateral Agreement under the National Housing Strategy and other established program requirements. All reports and updates are to be submitted TPON, where possible.

Documentation Required for Records

Service Managers are responsible for retaining the following documents over the life of the program:

Eligibility information:

- The signed application form, including a declaration that all information is accurate
- The Notice of Assessment for all members of the household
- Copies of photo identification
- Unit eligibility information

Loan information:

- Agreements of Purchase and Sale
- OPHI Homeownership loan agreement
- Mortgage registration documentation
- Title search

Payment documents and default actions:

- Records of all payments and defaults
- Confirmation of compliance with the terms of the Loan Agreement (e.g., letter confirming that the unit remains the sole and principal residence of the eligible purchaser)
- Record of actions taken by the Service Manager and the participant on any defaults

Ontario Renovates Component

The Ontario Renovates component provides financial assistance to renovate and/or rehabilitate affordable ownership and rental properties including community housing.

The objectives of Ontario Renovates are:

- To improve the living conditions of households in need through financial assistance to repair deficiencies in affordable ownership and rental properties including community housing.
- To foster independent living of seniors and persons with disabilities by providing financial assistance to support modifications and renovations to increase accessibility of affordable rental and ownership properties.
- To increase the supply of affordable rental housing by providing assistance to create secondary suites in existing single-family homes.

The Ontario Renovates component consists of two sub-components:

a) *Home Repair* to assist low to moderate income homeowner households:

- Repair their home to bring to acceptable standards while improving the energy-efficiency of the unit.
- Increase accessibility of their unit through modifications and adaptations.

b) *Multi-Unit Rehabilitation* to assist:

- Landlords of eligible affordable rental buildings and community housing providers to rehabilitate units that require essential repairs and/or modify units to increase accessibility.
- Low to moderate income homeowners to create a new affordable rental unit in an existing single-family home.
- In repairing, rehabilitating and improving existing shelters.

General Eligible Activities and Costs

Eligible repairs for Ontario Renovates may include the following activities:

- Repairs and rehabilitation required to bring a home/unit to an acceptable standard while improving energy efficiency. Examples include, but are not limited to:
 - Heating systems
 - Chimneys
 - Doors and windows
 - Foundations
 - Roofs, walls, floors and ceilings
 - Vents, louvers
 - Electrical systems
 - Plumbing
 - Septic systems, well water, and well drilling
 - Fire safety
 - Other repairs may be considered, with supporting documentation, at the discretion of the Service Manager

- Remediation for an overcrowded dwelling through the addition of habitable living space.
- Modifications to reduce physical barriers related to housing and reasonably related to the occupant's disability. Examples include, but are not limited to:
 - Ramps
 - Handrails
 - Chair and bath lifts
 - Height adjustments to countertops
 - Cues for doorbells/fire alarms
 - Other modifications may be considered, with supporting documentation, at the discretion of the Service Manager
- Creation of self-contained secondary suites and garden suites for affordable rental purposes.

Other eligible costs may include labour and applicable taxes, building permits, legal fees, certificates, appraisal fees, inspection fees, drawing and specification and any other costs that the Service Manager deems reasonable and that are agreed to by the Ministry.

Repairs must commence within 120 days of the date of the funding agreement/letter of agreement. Copies of all financial invoices must be kept for reporting and audit purposes.

Energy Efficiency

The Ministry strongly encourages the use of energy-saving products or systems for the required repairs to housing under the Ontario Renovates component such as ENERGY STAR certified products

Ineligible Projects

The following projects are not eligible for Ontario Renovates funding:

- Retirement Homes, Long-Term Care Homes (including nursing homes), and crisis care facilities.
- Units not subject to the *Residential Tenancies Act, 2006* (except shelters and transitional housing).
- Creation of new rental units (except secondary suites in a single-family home and garden suites on the property lot of a primary residence).

Project Submission Process

The Service Manager is responsible for selecting and approving all eligible Ontario Renovates projects, monitoring progress and completion of projects, quality of work and for the advancement of funds.

Once an eligible project has been approved by the Service Manager, completed project information along with proof of loan security (promissory note or mortgage registration)

if required must be entered and approved in TPON to confirm program take-up. The Ministry reserves the right to return an Ontario Renovates project application for revision and resubmission if it is not consistent with the Program Guidelines.

Loans may be secured by promissory notes. If funding exceeds \$25,000, a mortgage registered on title is required upon project completion. Loan security is not required for social housing projects.

Service Managers must confirm that property taxes and mortgage payments are up-to-date. Insurance coverage should be in place for the full value of the home or project.

For *Home Repair* projects, Service Managers must provide a sign-back letter of agreement to each homeowner outlining the scope of work, funding commitment and roles and responsibilities of both the homeowners and the Service Manager.

For *Multi-Unit Rehabilitation* projects, the Service Manager must verify the following additional conditions:

- Certificate of insurance is provided, as appropriate.
- For affordable rental housing projects, the Service Manager and the proponent or homeowner have signed a Funding Agreement, which confirms that:
 - Rental projects must remain affordable for a minimum of 15 years (maintain rent levels at or below Canada Mortgage and Housing Corporation Average Market Rents, and
 - Forgiveness of funding is earned at an equal rate per year for the minimum 15-year period.
- For projects under the *Housing Services Act, 2011*, please refer to COCHI section of the Program Guidelines (Page 14) for program requirements.

Service Managers must ensure project status is updated and documents are posted in TPON on an on-going basis.

Funding Commitment

A minimum of 90% of the annual Ontario Renovates component funding allocation must be committed to eligible homeowners or landlords by December 31, 2022. If a Service Manager has not met this threshold, the Ministry reserves the right to reallocate funds to another Service Manager to ensure full commitment of program funding. Any funding remaining to be committed after January 30, 2023 may be reallocated to another Service Manager.

Affordability Criteria

Home Repair

Under the Ontario Renovates *Home Repair* subcomponent, eligible households must:

- Have a household income at or below the 60th income percentile for the Service Manager area or province, whichever is lower. Service Managers are responsible for household income verification. (See Appendix D)

- Own a home that is their sole and principal residence with a market value at or below the average resale price for the Service Manager area as updated annually by the Ministry. In communities where data is non-existent, market values may be determined by the Service Manager.

The Province will supply annual updates to the 60th percentile income figures. Service Managers may use these or more restrictive ceilings or figures, such as Household Income Limits (HILs).

Multi-Unit Rehabilitation

Under the Ontario Renovates *Multi-Unit Rehabilitation* subcomponent, units must be modest relative to community norms in terms of floor space and amenities, with rents at or below the Canada Mortgage and Housing Corporation Average Market Rent for the Service Manager area for the entire loan forgiveness period.

Repairs and upgrades to social housing are eligible. Depending on local needs, Service Managers may wish to complement COCHI Repair funding with OPHI Ontario Renovates funding. Please refer to the COCHI section of the Program Guidelines (Page 13).

Renovations to rooming houses are eligible activities for funding under the *Multi-Unit Rehabilitation* subcomponent. Rooming house units must have rents at or below 60 percent of Average Market Rent levels for 1-bedroom units in the Service Manager area.

Renovations and upgrades to existing shelters are eligible under the *Multi-Unit Rehabilitation* subcomponent.

The creation of affordable secondary suites in existing single-family homes or garden suites on the property lot of a single-family home are also eligible activities under the *Multi-Unit Rehabilitation* subcomponent. The household income of the incoming tenant must be at or below the 60th income percentile for the Service Manager area or province, whichever is lower; however, Service Managers may establish more restrictive income limits. Service Managers must establish an approach for income verification to ensure that households in need are targeted. House value and income limits of the homeowner household may be set by, and are at the discretion of, the Service Manager.

Funding

Funding is provided in the form of a forgivable loan to the proponent / homeowner based on the cost of the work items approved by the Service Manager. Service Managers may vary the amount of funding per unit in order to address local priorities, to a maximum of \$50,000. The average funding across a Service Manager's area must not exceed \$25,000 per unit. Funding for projects must not be greater than the cost of repairs net any HST rebates.

The period of forgiveness for *Home Repair* projects is a minimum of 10 years and for *Multi-Unit Rehabilitation* projects it is a minimum of 15 years, with the exception of social housing projects. Forgiveness is earned at an equal rate per year over the affordability period beginning on the date of repair completion.

Funding for accessibility repairs made to a home and/or unit, up to a maximum of \$5,000 is in the form of a contribution without an affordability period and does not require repayment provided the funds are used for their intended purpose.

The applicant is considered to be in default and any outstanding loan amount must be repaid if the following situations occur:

- The unit or project is sold.
- Rent levels are increased beyond allowable limits.
- Homeowners cease to occupy the unit as sole and principal residence.

If any of the following situations occur, the applicant is considered to be in default and the original loan amount must be repaid:

- Misrepresentation occurs related to eligibility for the program.
- Funding is used for other purposes.

Repayments made to the Service Manager are to be reinvested into Ontario Renovates projects unless otherwise directed by the Ministry.

Payment Process

For social housing repair projects, please refer to the COCHI section of the Program Guidelines (Page 21) for the payment process for these projects.

The Ministry will transfer funds electronically on a quarterly basis to Service Managers based on their projected planned commitments in the Investment Plan

Once an eligible project has been approved by the Service Manager, a completed project information form along with a promissory note or mortgage registration and funding agreement/letter of agreement must be entered and approved in TPON to confirm program take-up. Repair activities must start within 120 days of the date of the funding agreement/letter of agreement.

Service Managers are responsible for project selection and approval, monitoring progress and completion of projects, quality of work and for the advancement of funds. Repair activities must be completed by the end of the subsequent Fiscal Year, i.e. March 31, 2024 for the 2022-23 funding year. Service Managers must ensure project status is updated in TPON. Should project details – for example, completion dates – not be updated as required, payments to Service Managers may be reduced.

The Ministry will monitor Service Managers' progress under the Ontario Renovates component in TPON throughout the year. In particular, the Ministry will review progress at the end of the third quarter of each program year. Service Managers that have not demonstrated take-up of 90% or more of their yearly Ontario Renovates allocation by

December 31, 2022 may risk losing their funds. Any funding remaining to be committed after January 30, 2023 will be reallocated to another Service Manager.

Reporting

For social housing repairs, please refer to the COCHI section of the Program Guidelines (Page 22) for details on reporting requirements for these repairs.

Service Managers are required to update and submit their Investment Plans with their progress under the Ontario Renovates component on a quarterly basis. Please see Page 7 for reporting requirements and due dates.

Service Managers will also be required to prepare and file with the Ministry the following reports:

- Post-Repair Occupancy Report upon the completion of *Multi-Unit Rehabilitation* projects
- Annual Report (includes Annual Occupancy Reports for *Multi-Unit Rehabilitation* projects throughout the affordability period of all Ontario Renovates projects) for the first three years after project completion. After the first three years, filing of the Annual Report is not required although the Service Manager is still required to complete the Annual Report and may be requested to submit the report periodically.

Service Managers are required to create and submit reports through TPON and ensure that Project Information Form and rents are updated on an ongoing basis.

This reporting ensures compliance with the provisions of the CMHC-Ontario Bilateral Agreement under the National Housing Strategy and other established program requirements. All reports and updates are to be submitted through TPON, where possible.

Rental Assistance Component

The objective of the Rental Assistance component is to address affordability issues of households in rental units across the province.

The Rental Assistance component consists of three streams:

- Rent Supplement
- Housing Allowance Direct Delivery
- Housing Allowance Shared Delivery.

A Rent Supplement is a subsidy paid to the landlord on behalf of a household in need of rental assistance. A Housing Allowance is a subsidy paid directly to a household in need of rental assistance. Housing Allowance payments may be made directly to landlords where the recipient has chosen this approach and provided written direction and consent.

Service Managers may deliver the Rental Assistance component locally (Rent Supplement or Housing Allowance Direct Delivery) or in partnership with the Province (Housing Allowance Shared Delivery). Under Housing Allowance Shared Delivery, the Ministry of Finance (MOF) provides certain administrative functions that include providing the portable monthly payments directly to eligible households.

Service Managers are allocated funding for the Rental Assistance component at the beginning of each year of the program, based on the commitments for each stream identified in their Council-approved Investment Plans.

- Note: Some Service Managers will continue to have separate concurrent Operating (Rent Supplement and/or Housing Allowance) funding commitments under various initiatives of the Investment in Affordable Housing (IAH) program.

Eligible Target Groups

Service Managers should give priority to households affected by expiring programs (e.g., those living in social housing transitioning out of rent-geared-to-income subsidy, recipients of operating funding under the various iterations of the Investment in Affordable Housing program). Households who are homeless or at risk of homelessness should also be prioritized. Providing housing allowances or rent supplements is intended to promote housing stability for tenants who would otherwise face affordability challenges and potential homelessness.

Service Managers must report on any targeted groups in their Investment Plan updates.

Funding Allocations

Allocations will be committed at the beginning of each program year through a letter from the Ministry based on the planned commitments identified in the Investment Plan. Service Managers may also contribute their own funding to the Rental Assistance component.

Funding allocations are provided on a “use it or lose it” basis, since funding from one year cannot be allocated by the Province to future years. Therefore, unlike the Operating component of the IAH program, Rental Assistance funding must be fully disbursed to recipients in the program year in which the funding was committed. Funding cannot be extended beyond the program year.

Monthly Subsidy Amounts

Service Managers must determine amounts to be paid to households (Housing Allowance streams) or landlords on behalf of each household (Rent Supplement stream). To ensure program alignment, Service Managers are encouraged to consider a benefit calculation similar to the calculation under the provincial Portable Housing Benefit Framework.

Reporting

In the initial Investment Plan, Service Managers are required to break down their Rental Assistance component funding by streams and indicate the subsidy levels and estimated number of units/households to be assisted. Please see Page 7 for reporting requirements and due dates.

Direct Delivery Streams

Service Managers who participate in the direct delivery streams are required to provide quarterly projected disbursements on the initial Investment Plan and demonstrate program take-up by updating their actual disbursements through their quarterly Investment Plan updates.

Rental Assistance funding must be fully disbursed to recipients in the program year in which the funding was committed. Funding cannot be extended beyond the program year.

OPHI reporting consists of updating and submitting the Investment Plan with Service Manager progress on a quarterly basis. Reports will be completed and submitted through TPON.

For quarterly updates, Service Managers are required to track disbursements and recipient numbers separately for each stream. Quarterly Investment Plan updates must include, in the case of the Rent Supplement stream, the number of occupied units, and in the case of the Housing Allowance stream, the number of eligible households.

Service Managers are also required to track and report on the following information:

- Landlord agreements and agreements with third-party delivery agencies
- Approved applications
- Target groups assisted.

This reporting ensures compliance with the provisions of the CMHC-Ontario Bilateral Agreement under the National Housing Strategy, the Service Manager Transfer Payment Agreement, and other established program parameters.

Shared Delivery Stream

No quarterly updates are required from Service Managers through their Investment Plan updates for the Shared Delivery stream. Service Managers are provided access to the Ministry of Finance ONT-TAXS Online system to access client information and request reports as required.

Payment Process

Direct Delivery Streams

The Ministry will provide quarterly payments based on quarterly projected disbursements.

Funds are transferred electronically to Service Managers. Service Managers must ensure that the Ministry has their latest banking information to receive these funds.

Service Managers advance monthly payments to landlords upon the signing of landlord agreements and updated unit occupancy figures. Under the Housing Allowance Direct Delivery stream, Service Managers pay households directly.

Shared Delivery Stream

The Ministry of Finance administers the Shared Delivery stream on behalf of Service Managers and pays eligible households directly. No funds are transferred to Service Managers. Rather, the Ministry holds back funds from each Service Manager's OPHI allocation as per the Investment Plan, Housing Allowance Shared Delivery stream, for use by the Ministry of Finance to pay recipients.

Household Eligibility

For the purposes of the Rental Assistance component, "household" is defined as any family unit or single individual renting either a self-contained unit or a room in shared accommodation. Households in receipt of social housing rent-geared-to-income subsidy or payments under any other rent support programs are not eligible.

To be eligible for funding under the Rental Assistance component, households must be on, or be eligible to be on, social housing waiting lists and have household incomes that do not exceed the applicable Household Income Limits in the annually amended Ontario Regulation 370/11 under the *Housing Services Act, 2011*.

Service Managers must establish a clear set of rules to determine whether the applicant's household income is at, or below, Household Income Limits. These rules must be in writing and available to the general public.

Service Managers must conduct annual income testing of households to ensure continued eligibility for the Rental Assistance component, but may exempt specific types of households (e.g., seniors with fixed incomes). Service Managers are solely responsible for establishing the necessary rules, forms and procedures to meet this requirement.

Unit Eligibility

Units may be in private buildings or in non-profit and co-operative projects. However, only market rent units in social housing developments are eligible, as program funding cannot be combined with rent-geared-to-income assistance.

Rent Supplement

Rent Supplement units must be modest as determined by the Service Manager. Self-contained units and congregate living arrangements are both eligible for funding.

Rent supplement units must meet local occupancy standards. Service Managers must establish local occupancy standards and include them in program information available to the general public.

Household Income Limits

If a Service Manager is of the opinion that Household Income Limits in the annually amended Ontario Regulation 370/11 under the *Housing Services Act, 2011* are too low and do not correlate with Canada Mortgage and Housing Corporation's Average Market Rents for their area, they can request in writing modifications to their Household Income Limits by emailing to their respective Regional Housing team Leads.

Housing Support Services Component

Support services are beneficial to tenants who may need extra support – either temporary or permanent – to achieve housing stability. Housing stability results in improved health outcomes, less reliance on other emergency services, while promoting social inclusion. Funding for support services is more cost-effective for Service Managers and the system as a whole.

The objective of the Housing Support Services component is to ensure housing retention, greater self-reliance and social inclusion for tenants.

Service Managers may not exceed ten percent of the funding allocation for the Housing Support Services component.

Eligibility Criteria

Housing Support Services component funding can only be used to provide housing support services to eligible tenants in existing social housing, affordable housing units created under previous federal and/or provincial programs, as well as to those tenants in units established through OPHI & COCHI.

Service Managers may provide a variety of support services (see Appendix “E” for a sample list of eligible services) to recipients either directly, or through partnerships with external community agencies. Supports funded should help ensure housing retention, greater self-reliance, and social inclusion for tenants. Service Managers are encouraged to work with providers that have familiarity with the addiction and mental health system and, where appropriate, with Ministry of Children, Community and Social Services (MCCSS) regional offices, the Ministry of Health and Long-Term Care and local community agencies that provide supportive housing and homelessness-related services.

Funding Allocations

Service Managers are required to fully disburse their annual allocation – as outlined in their Investment Plans – within the program year. The Ministry may reallocate funds to another Service Manager in instances where allocations are at risk of not being fully disbursed within the relevant fiscal year. Service Managers are required to demonstrate program take-up by updating their actual disbursements through their quarterly updates to their Investment Plans.

Reporting

Initial Investment Plan

In the initial Investment Plan, Service Managers are required to provide projected disbursements for Housing Support Services on a quarterly basis along with the number of households to be assisted.

Investment Plan Updates

On-going Housing Support Services component reporting consists of updating and submitting quarterly updates to the Investment Plan indicating actual disbursements by Service Manager along with number of households assisted. Reports will be completed and submitted through TPON. Please see Page 7 for reporting requirements and due dates.

Service Managers are also required to provide copies of services agreements with community agencies, where applicable, to support the expenditure information included in the quarterly updates. Service Managers may enter into multi-year services agreement with community agencies, however, the agreements must clearly identify the funding requirements for each fiscal year.

This reporting ensures compliance with the provisions of the CMHC-Ontario Bilateral Agreement under the National Housing Strategy and other established program requirements.

Payment Process

The Ministry will provide quarterly payments based on initial quarterly projected disbursements. Funds are transferred electronically to Service Managers. Service Managers must ensure that the Ministry has their latest banking information to receive these funds.

Appendix B – List of Designated Areas under the French Language Services Act

Service Manager	Designated Area(s)
City of Toronto	All
Central Region	
Regional Municipality of Peel	City of Mississauga; City of Brampton
Regional Municipality of York	City of Markham
County of Simcoe	Town of Penetanguishene; Townships of Tiny and Essa
Eastern Region	
City of Cornwall	County of Glengarry; Township of Winchester; County of Stormont
City of Kingston	City of Kingston
City of Ottawa	All
United Counties of Prescott and Russell	County of Prescott; County of Russell
County of Renfrew	City of Pembroke; Townships of Stafford and Westmeath
Western Region	
Municipality of Chatham-Kent	Town of Tilbury; Townships of Dover and Tilbury East
City of Hamilton	All of the City of Hamilton as it exists on December 31, 2000
City of London	City of London
Regional Municipality of Niagara	City of Port Colborne; City of Welland
City of Windsor	City of Windsor; Towns of Belle River and Tecumseh; Townships of Anderdon, Colchester North, Maidstone, Sandwich South, Sandwich West, Tilbury North, Tilbury West and Rochester
Northeast Region	
Algoma District Services Administration Board	District of Algoma
Cochrane District Social Services Administration Board	All
City of Greater Sudbury	All
Manitoulin-Sudbury District Services Board	District of Sudbury
District of Nipissing Social Services Administration Board	District of Nipissing
District of Parry Sound Social Services Administration Board	Municipality of Callander
District of Sault Ste. Marie Social Services Administration Board	The part of the District of Algoma that is part of the district for the District of Sault Ste. Marie Social Services Administration Board
District of Timiskaming Social Services Administration Board	All
Northwest Region	
Kenora District Services Board	Township of Ignace
District of Thunder Bay Social Services Administration Board	Towns of Geraldton, Longlac and Marathon; Townships of Manitouwadge, Beardmore, Nakina and Terrace Bay

Appendix C: Canadian Environmental Assessment Act (CEAA)

Pre-screening Guidelines

The *Canadian Environmental Assessment Act, 2012* (the “CEAA 2012”) has replaced the *Canadian Environmental Assessment Act, 1992*. Under CEAA 2012, housing-related activities do not currently constitute physical activities as described in the *Regulations Designating Physical Activities*. Accordingly, the Pre-Screening Guideline (the “Guideline”) has been simplified and updated to reflect the provisions of the CEAA 2012 and replaces all previous versions of the Guideline.

Service Managers are required to consider this checklist when recommending project proposals to the Ministry for funding approval. Service Managers must confirm to the Ministry that the proposed project complies with the CEAA 2012, as per Canada Mortgage and Housing Corporation requirements. The answers to the two questions must be “NO” for the CEAA 2012 to be complied with.

- Is the project carried out on federal lands*?
- Has the project been specifically identified by the Minister of the Environment in an Order Designating Physical Activities?

*NOTE: “federal lands” includes lands that belong to, or that may be disposed of by, Her Majesty in right of Canada, but does not include lands under the administration and control of the Commissioner of Yukon, the Northwest Territories, or Nunavut.

Appendix D: Maximum Household Income Level, 2022*

Service Managers	Income at 60 th Percentile
Greater Toronto Area**	\$98,500
City of Toronto	
Regional Municipality of Durham	
Regional Municipality of Halton	
Regional Municipality of Peel	
Regional Municipality of York	
City of Brantford	\$90,600
City of Cornwall	\$79,100
City of Greater Sudbury	\$96,200
City of Hamilton	\$92,600
City of Kawartha Lakes	\$86,800
City of Kingston	\$91,500
City of London	\$86,600
City of Ottawa**	\$98,500
City of Peterborough	\$85,000
City of St. Thomas	\$85,700
City of Stratford	\$90,700
City of Windsor	\$88,800
County of Bruce	\$95,400
County of Dufferin**	\$98,500
County of Grey	\$82,300
County of Hastings	\$79,300

* Based on Statistics Canada, 2016 Census of Population, indexed to 2020 based on CPI, released in 2020 PPS tables.

** In areas where 60th income percentile is greater than the provincial level, the provincial level 60th income percentile is used.

Hint: Next update to be based on 2021 Census Income data to be released in August/September 2022.

Appendix E: Examples of Eligible Support Services

The types of support services that are eligible to be funded include, but are not limited to, the following:

- Counselling, case management, crisis prevention, harm reduction, and intervention services.
- Support with physical and cognitive disabilities.
- Household set-up assistance, including: obtaining personal identification; moving; transportation; basic furnishings; and rent / utility deposits.
- Development of support service plans, to document recipients' goals, activities, and levels of support to be provided.
- Assistance with maintaining rental tenancy, including information about: rights and responsibilities; tenant-landlord relations and orientations; and information about how to be a good neighbor and crisis intervention / eviction prevention.
- Assistance with basic needs, including: personal care (e.g., bathing, hygiene, and dressing); exercise; shopping; purchasing food and meal preparation; house cleaning; laundry; money management (e.g., budgeting, banking, financial goals); dispensing medication; and conflict resolution.
- Assistance with referrals to gain access to services including: income support; employment, job placements, vocational counselling, education, and skills training; parenting courses and child care; legal services; and recreational activities.
- Assistance with the coordination of opportunities for social engagement and inclusion in community life, including: volunteer experiences; participation in social clubs, organizations, and sports; and transportation to events.
- Support to connect with peers and strengthen positive relationships with family members and friends.
- Recruitment and / or employment of staff members and peer support workers to deliver support services to recipients, either on-site or through external community agencies.
- Community relations worker who connects people experiencing difficulty to the right community-based supports.
