Subject: EA Water and Wastewater Servicing in Nobleton Community

Hello,

My name is Sharday James and I am a representative from the Chippewas of Rama First Nation. I am sending this email in regards to a notice we received from you dated February 14th regarding an environmental assessment for water and wastewater servicing for the Community of Nobleton. Thank you for contacting us. At this time we have no comments. We would like to be updated as this project continues and we would appreciate a final copy of the environmental assessment upon completion.

Thank you,

Sharday James

**RE: Notice of Study Commencement and Open House
Municipal Class Environmental Assessment
Water and Wastewater Servicing in the Nobleton Community**

Dear Mr. Naseri,

We acknowledge your invitation to participate in the environmental assessment process as it relates to the Water and Waste Water Servicing Project in the Nobleton Community.

As a First Nation with limited resources and capacity, it is difficult to actively participate in all environmental assessments in the surrounding area; however, the Mohawks of the Bay of Quinte (MBQ) would be concerned if the preliminary archaeological investigations found artifacts or burial remains. There is a traditional process that must be followed for the repatriation or re-interment of remains. We ask that you please forward any completed Archaeological Assessments to consultation@mbq-tmt.org at your earliest convenience.

The Mohawks of the Bay of Quinte expect the project to be carried out in an environmentally sensible manner that is consistent with the laws and regulations governing the said project. We appreciate your efforts in our endeavors to determine proper use of lands of interest to the community, the prevention or mitigation of anticipated and non-anticipated effects of the proposed project, and efforts to ensure maximum benefit to our community and generations to come.

In addition, due to the general proximity of said project, the Mohawks of the Bay of Quinte recommend that the Regional Municipality of York contacts and consults with the Six Nations of the Grand River, as they may wish to be more involved in this project than we can be at this time.

Please note that the above shall not be construed so as to derogate from or abrogate any inherent, Aboriginal, treaty, constitutional, or legal rights of the Mohawks of the Bay of Quinte.

Sincerely,

R. Donald Maracle, Chief
Mohawks of the Bay of Quinte

Hi Maxime,

Thank you for updating our record about Grand Chief Rémy Vincent. Would you be kind to share Grand Chief's email with us as well for future correspondence?

To answer your question, an archeological assessment study will be completed as part of this study and will be posted with the Environmental Study Report at the end of the project. Having said that, If you wish to receive the report once it is complete, We can arrange for a copy to be delivered to you. Please advise.

Hello,

I am sending this email in regards to a notice we received from you dated November 12th about the Water and Wastewater Servicing in the Nobleton Community EA and online open-house.

Firstly, I wanted to thank you for your letter and to inform you at York Region that we had a new Chief elected in August, his name is Ted Williams.

Secondly, to my understanding Nobleton falls just outside our Treaty area so you need not update us as you continue to work through this project. I am not however speaking on behalf of the other Williams Treaties communities so please continue to contact them unless they tell you otherwise. I want to stress that much of York Region does fall within our treaty area so please continue to keep us informed on proposed future projects.

Thank you,
Sharday James

I'm currently out of the office and when I return I will no longer be the Office Manager of DOCA. My new role will be MCFN Accounts Payable Officer as of November 8, 2021.

The Office Manager position will be vacant and emails will not be monitored so please send any questions regarding the DOCA finances to Fawn Sault - A/Director at fawn.sault@mncfn.ca or Kate LaForme - EDO at Katelyn.laforme@mncfn.ca.

Thank You

Melissa Gallina

Hello and thank you for your email,

At this point, the Saugeen Ojibway Nation's Environment Office does not have the resources to engage in consultation on this project.

We have no further comments on this project. If at any point anything of archeological interest is revealed on site, please contact the SON Environment Office immediately.

You can learn more about the Saugeen Ojibway Nation and SON territory here:

<https://www.saugeenojibwaynation.ca/resources>

Thank you,
Emily

Greetings,

I hope this email finds you well.

Attached you will find the **Notice of Completion** for the Municipal Class Environmental Assessment (EA) Study for Water and Wastewater Servicing in the community of Nobleton.

The Regional Municipality of York has identified a preferred solution among the potential water and wastewater servicing options. Please refer to the enclosed PDF file of the Notice of Completion for a description of the preferred solution and a map indicating the locations of the solution components within the study area and service area.

This notice places the completed **Project File** on public record for a comment period of 32 calendar days from November 4, 2021 to December 6, 2021; we invite you to review it online at york.ca/ea or in-person at King Township offices (contact the Clerks Division by email at clerks@king.ca or telephone at (905) 833-5321).

You may provide written comments and concerns by December 6, 2021, directly to me through my email address or telephone number listed in my signature below.

You are receiving this email because you previously signed up for the Nobleton EA mailing list. *If you wish to remove your name from this mailing list, please reply to this email indicating that you no longer wish to receive updates.*

If you have any questions, please do not hesitate to contact me. Thank you and have a good day.

Sincerely,

Afshin Naseri, P.Eng, PMP | Senior Project Manager, Capital Planning and Delivery, Environmental Services
