IPAC Lapse Investigation	Yes	No	N/A	Please provide further details/steps
Did the IPAC lapse involve a member of a regulatory college?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
If yes, was the issue referred to the regulatory college?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Were any corrective measures recommended and/or implemented?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

Please provide further details/steps

Corrective measures for Premises/Facility:

- Clean and disinfect reusable equipment/devices as often as necessary to prevent disease transmission and in accordance with the most current edition of Public Health of Ontario’s Guide to Infection Prevention and Control in Personal Service Settings.
- Use disinfectants that are accompanied by a Health Canada assigned Drug Identification Number or Natural Product Number (with exception of chlorine bleach/sodium hypochlorite) or Medical Device License and have expiry date.
- Follow Manufacturer’s Instructions for Use when using disinfectants. Disinfectants are to be used prior to the expiry date or reuse claim.
- Use products that are not expired. Discard expired products in accordance with the Manufacturer’s Instructions for Use.
- Keep accidental exposure to blood and/or body fluids records in a personal service setting as required.

Infection Prevention and Control Lapse Report
