

Availability of free Tuberculosis Medications

Update to York Region health care professionals as of June 7, 2024

The York Region Public Health (YRPH) Tuberculosis (TB) Control Program continues to remind health care professionals that patients can obtain **free** TB medication for individuals who have:

- TB infection
- Active disease caused by the mycobacterium TB organism

YRPH TB Control Program does **not** provide free TB medications for infections caused by atypical mycobacteria.

Four designated pharmacies dispensing free TB medications

YRPH has a partnership with four designated pharmacies that dispense free TB medications. Please identify the patient's name, address, phone number, and expected length of TB treatment on the prescription. You may also fax the prescription to the designated pharmacy below and inform the patient of the location.

Patients may obtain their free TB medication with a prescription at:

- **Pure Health Pharmacy (Mackenzie Richmond Hill Hospital)**
10 Trench Street, Richmond Hill
Phone: 905-883-7500, Fax: 905-883-7502
- **Pure Health Pharmacy (Cortellucci Vaughan Hospital)**
3200 Major MacKenzie Drive, W. Vaughan
Phone: 365-922-3200, Fax: 1-855-748-0796
- **Dales Pharmacy (Markham-Stouffville Hospital)**
381 Church Street, Markham
Phone: 905-471-1234, Fax: 905-471-3732
- **Care RX Pharmacy (Southlake Regional Health Centre)**
596 Davis Drive, Newmarket
Phone: 905-830-5988, Fax: 905-830-5994

Please refer patients to [Taking Medicine to Prevent Tuberculosis](#) for more information.
