Notice to the Parent/Guardian or Student

IN GRADE 11 AND MISSING VACCINES? WE CAN HELP!

York Region Public Health is holding an immunization clinic for Grade 11s (students born in 2008) at your school.

Vaccines for measles, mumps, rubella, varicella, tetanus, diphtheria, pertussis, polio and meningitis (Men ACYW135), as well as HPV (human papillomavirus) and Hepatitis B will be available at this clinic.

Having up-to-date immunizations helps ensure children have the best protection possible against certain vaccine-preventable diseases that can be very serious or even fatal. It also reduces the risk of disease outbreaks in schools to help maintain a safe and healthy school environment. The *Immunization of School Pupils Act* (ISPA) requires parents/guardians to provide proof of immunization for certain diseases if their children attend school in Ontario. Every year, York Region Public Health collects and reviews the immunization information of York Region students so that their immunizations are up-to-date according to Ontario's Immunization Schedule.

Is my child missing a vaccine?

Visit yrphu.icon.ehealthontario.ca to confirm if your child is missing vaccines!

Please provide consent for your child to receive a vaccine at the upcoming school clinic. Visit [Immunization Consent | York Region](#) or york.ca/school-clinics/school-immunization-consent (high-school consent version).

If you know your child has already received these vaccines, please update their records using one of the following methods:

- Online using Immunization Connect Ontario (ICON) at yrphu.icon.ehealthontario.ca or accessing this QR code
- Fax documents to 905-895-6066 or 1-866-258-2026

If your child cannot be immunized due to medical reasons, send a completed medical exemption form to York Region Public Health using the contact information listed in the above box. Exemption forms are available at york.ca/immunizations under **Access or Update Immunization Information**.

Parents/guardians who do not want their child immunized for non-medical reasons must complete an online immunization education session and sign the *Statement of Conscience or Religious Belief* form. For more information on immunization exemptions, contact York Region at 1-877-464-9675 ext. 73456.

Questions?

For more information about vaccines offered by York Region Public Health, visit york.ca/immunizations or call 1-877-464-9675.

Did your child get their HPV vaccine?

The HPV vaccine provides safe and long-lasting protection against a number of cancers. The younger you get this vaccine, the better it works. In Ontario, the routine HPV vaccination is offered to students free of charge until the end of high school (summer of grade 12). Vaccinate today to protect their tomorrow.
