

Mental Health Matters

February 22, 2017

Sutha Balasingham, Head, Departmental Strategic Initiatives
Carmela Ciappa, Special Projects Advisor, Mental Health Initiative

What are we seeing in our programs?

- Social Services
- Housing
- Public Health
- Paramedic Services
- York Regional Police

Who did we consult with so far?

- York Region staff at the frontlines
- Community agencies
- Clients with lived experience

What We Heard

- Tell their story once
- Be part of the decision making process
- Recognize and respond to clients' level of abilities
- Every culture responds to mental health in different ways
- Need flexibility in the programs to allow for changing circumstances

We Want to Hear From You

- What are the positive and negative experiences that can impact mental health from your perspective?

Thank you!
