*WHEREAS as part of its Municipal Comprehensive Review, York Region has released draft growth scenarios for discussion, along with a request for local municipal comments; and*

*WHEREAS Town of East Gwillimbury Council recognizes that staff should continue to participate in discussions with the Region regarding population projections, growth scenarios, the potential amount and location of Whitebelt lands that may be required to accommodate future growth, and resulting implications for the Town of East Gwillimbury; and*

*WHEREAS Town of East Gwillimbury Council continues to be concerned about delays and uncertainties with the provision of required servicing infrastructure, the implications this will have on the completion of already approved development, and resulting impacts this may have on East Gwillimbury residents;*

*BE IT THEREFORE RESOLVED THAT Town of East Gwillimbury Council's consideration of any growth scenarios or potential accommodation of additional growth is subject to and contingent upon respectfully requesting the Region address the following key issues:*
