

5 | Transit Accessibility Plan

5| Transit Accessibility Plan

The York Region 2015–2021 Multi-Year Accessibility Plan outlines a strategy to prevent and remove barriers for people with disabilities, and satisfies the Accessibility for Ontarians with Disabilities Act, 2005 (AODA).

In 2016, YRT/Viva will continue to provide and improve accessible and convenient transit service to York Region residents, and will continue to identify, remove, and prevent barriers to existing and potential customers.

YRT/Viva's approach is shaped through ongoing consultation with the public and engagement with York Region's Accessibility Advisory Committee (YRAAC).
