Subject: A wish to present at the Special Meeting of Council

Hello,

My name is Mary Bromley and I wish to be granted permission to make a 5 minute presentation to the Special meeting of Council this Thursday, May 28th regarding the 2015 Coordinated Review of the Provincial Plans and York Region Planning's recommendations to Council.

I am a resident of King Township.

I would appreciate knowing if I will be on the revised deputant list. I will not need any AV equipment. I will bring copies of my small deputation (that old-fashioned way of doing things, if that is o.k.!) but would appreciate knowing how many people I should make copies for.

Thank you in advance for your consideration.

Mary Bromley
