REGIONAL MUNICIPALITY OF YORK
CLERK'S OFFICE
FILE No. - P46

Attn: Denis Kelly, Regional Clerk

Dear D. Kelly:

For your information and records, at its regular meeting held on Tuesday, April 22, 2014 the Council of the Town of East Gwillimbury enacted as follows:

BE IT RESOLVED THAT the correspondence from C. Breckenridge, dated April 11, 2014, regarding concerns on Leslie Street, be received; and

THAT a copy be forward to the Region with a respectful request that they respond & address the road safety issues raised; and

THAT a copy also be sent to Community, Infrastructures & Environmental Services for information.

If you have, any further questions feel free to contact the undersigned.

Yours truly,

Fernando Lamanna, BA
Municipal Clerk
Corporate Services

C.C Cheryl Breckenridge

Subject: Leslie Street concerns

Tara,

As per our conversation, here are some concerns that need to be addressed ASAP and should be able to be implemented immediately:

1. speed signs on Leslie NB that are further south than the one near the school - there is no signage announcing the start of the new 50 zone.....
2. signs announcing a school zone both NB and SB - the one that is currently on the NB side is inadequate
3. flashing light signs (as seen in Holland Landing) announcing a school zone at that when flashing, speed is to be reduced (before and after school)
4. Police presence over the course of at least 4-5 days before & after school enforcing the speed limit. These 50-zones are meaningless (as we all witness on a daily basis) without enforcement. Without the help of you guys, we will get no support in this area. I had zero success trying to address the ongoing speeding issue on Farr Avenue. Please restore my faith that we can at least have success in front of a school zone.....

In addition to these items, we are looking for a definitive answer that the sidewalk and shoulder will be restored ASAP to the new traffic light.

I am sending this email as a parent to provide further support to the incredible work our school council is doing. I understand some of the road changes require research etc however the simple signage I am requesting here should be a simple issue and one that should be identified as a TOP priority - surely nothing is more important than the safety of our school children.

Thank you - I await your response and I also look forward to hearing from Ms Hackson both in her capacity as Mayor and in her Regional role.

Cheryl Breckenridge
