Subject: Reporting changes to income and household composition

Summary: Under the *Housing Services Act, 2011* (HSA) households are required to report any changes to income and household composition within 30 days.

Background: On January 1, 2012, the HSA replaced the *Social Housing Reform Act, 2000* (SHRA) as the legislation guiding the administration of transferred social housing programs in Ontario.

The SHRA required that a household report any changes to income and household composition within 10 days. **This requirement has been changed in the HSA to 30 days.**

Action Required: Housing providers must update letters and documents that reference the requirement to report changes to income and household composition.

Please contact your Program Co-ordinator if you have any questions.
